

# 2016 REGULATIONS FOR BOYS TENNIS TOURNAMENTS

## Sectional – District – State

**NOTE: The following regulations apply to all levels of tournament competition unless otherwise specified. They have been adopted by the Ohio High School Athletic Association Board of Directors April 1, 2016.**

The Commissioner is authorized to modify these regulations when it is deemed necessary by the Commissioner, subject to ratification by the Board of Directors.

### 1. ORGANIZATION OF TOURNAMENTS

The District Athletic Boards organize and conduct Sectional and District Tournaments in their respective Districts, subject to the rules and regulations adopted by the Board of Directors. The State Tournaments are under the control of the Commissioner's office.

### 2. ELIGIBILITY OF STUDENTS

All participants must be eligible under the Bylaws and Sports Regulations of the OHSAA.

A student who uses anabolic steroids or other performance-enhancing drugs is ineligible for interscholastic competition until such time as medical evidence can be presented that the student's system is free of anabolic steroids.

### 3. DIVISIONS

There will be two Divisions (I, II) in the Sectional, District and State Tournaments in Tennis.

### 4. ENTRY FORM

#### A. Tournament Entry/Withdraw

Member schools wanting to participate in the 2016 OHSAA Boys Tennis Tournaments generally would have indicated their intent to participate on their 2015-16 OHSAA Sports Participation Card in myOHSAA. Updated tournament entry confirmation can be made through April 25, 2016. Schools that change their tournament participation after April 25, 2016 will be subject to a \$150 penalty.

#### B. Tournament Paperwork Requirements

A member school will submit the entry form that is available on the myOHSAA data management system per the instructions of the respective District Athletic Board. Entry Forms now require the inclusion of the names of the coaches approved by the school's board of Education or similar governing body as well as the permit number on the coach's Pupil Activity Permit. Only coaches properly listed on the Entry Form with current and valid permit numbers are permitted to coach.

### 5. SUBSTITUTIONS

#### A. Sectional Tournaments

Substitutions may be made in the Sectional Tournaments for singles players or players on the doubles teams from the substitute list prior to the start of competition. Once a player participates, that same player must continue through the sectional tournament. All participants must be listed on the entry form or substitute list.

CLARIFICATION: Substitutes shall not include players who were entered as a singles or doubles participant at the Sectional Tournament Seeding Meeting.

B. District Tournaments or State Tournaments

**No** substitutes for singles permitted. A substitute for a player on a doubles team that has qualified for the next highest tournament is permitted **prior** to the first match of that respective tournament, but the substitute must be made from the list of substitutes/individuals that did not compete in the Sectional or District Tournaments. Once a student participates at the District tournament, that same student must continue through the District tournament. This same policy applies to participation at the state tournament.

**6. FAILURE TO APPEAR**

When national playing rules do not address failure to appear, the following regulations will apply.

- A. If a team or individual participant fails to appear or is not ready to compete at the time of their scheduled competition, the team or individual participant shall be disqualified and removed from the event or tournament competition.

*All decisions relative to this regulation shall be made by a member of the respective district athletic board or the OHSAA Commissioners office.*

- B. The OHSAA, in collaboration with the administrative staff, District Athletic Boards and/or Board of Directors, and the tournament manager, may delay or reschedule a tournament contest/competition provided it is **practical** to delay or reschedule such contests/competitions.

**7. SEEDING AND DRAWING FOR SECTIONAL TOURNAMENTS**

A. Seeding

Coaches shall be notified when the draw is scheduled so they may be present to help with the seeding in the Sectional Tournaments. The draw/seeding date is May 1, 2016. Each District Athletic Board shall hold the draw/seed meeting on the same date and at the same time which is 2:00 P.M.

12 wins – 2 losses – Division I

7 wins – 1 loss – Division II

b. Coaches shall nominate singles players and doubles teams to be considered for seeds. Many factors may be considered when seeding students, not just actual records. f. The tournament manager or a designate shall record the seeds numerically for all to see.

(3) Drawing for Unseeded #1 singles:

a. The unseeded #1 player shall draw so that the alphabetical order of draw will go from A-Z.

b. The unseeded #1 players shall draw according to the name that the school goes by using the OHSAA Directory for the current year for a reference for alphabetical listing, e.g. Delphos St. John's – St. John's.

c. A representative of each school's unseeded #1 player must draw a numbered pill which indicates the **order of choice** for placement on the brackets.

d. The order of draw of unseeded #1 players shall be announced and made public before placement of players on the bracket.

(4) Placement of #1 Players on Bracket:

a. The placement of #1 players on the brackets shall take place after the selection of seeded players and the order of draw for unseeded players has been announced and made public.

c. First seed has first choice to go **any place** on bracket.

  - e. If #2 seed passes, #3 has choice.
  - f. If a seeded player passes, the choice then goes to the next seeded player.
  - g. If all seeded players pass, then the unseeded #1 player with No. 1 pill shall place itself on the bracket.
  - h. Any time a seeded or unseeded player is placed on the bracket, the top seeded player not placed on the bracket shall have next choice. If they pass, the next seeded player would have their choice to pass or be placed on bracket, etc.
  - i. Keep in mind that any time a seeded player places themselves on the bracket, the top seeded player not placed on the bracket shall have the next choice. If all pass or place themselves on the bracket, then the next unseeded #1 player in order of the number of pill shall be placed on the bracket.
  - j. This procedure would be followed until all first single players have been placed on the bracket.
- (5) After the first singles players have been placed, draw order for the second singles players is done in the same manner.

NOTE: Number one and two singles players from the same team must be in different quarter brackets.

- (6) After the first and second single players have been placed, draw order for the third single is then done. Third single players must be in opposite quarter brackets from the first and second single players from the same team.
- (7) After third single players have been placed on bracket (draw completed), conduct draw for doubles teams. Following the same procedure as outlined for singles, begin with Item 2.

NOTE: If a school fails to have a representative present at the draw and seeding meeting, the manager shall place the player on the open bracket after all other players have been placed on the bracket.

If more than one school fails to have a representative at the drawing and seeding meeting, the manager shall place the players on the bracket according to the alphabetical order of draw for unseeded players after all others have been placed on the bracket.

### 16. LIGHTNING AND INCLEMENT WEATHER

#### Recognition:

*Coaches, athletic trainers, athletes, administrators and contest officials should be educated regarding the signs indicating thunderstorm development. Since the average distance between successive lightning flashes is approximately two to three miles, ANYTIME that lightning can be seen or heard, the risk is already present. Weather can be monitored using the following methods:*

- **Monitor Weather Patterns** – Be aware of potential thunderstorms by monitoring local weather forecasts the day before and morning of the competition, and by scanning the sky for signs of potential thunderstorm activity
- **National Weather Service** – Weather can also be monitored using small, portable weather radios from the NWS. The NWS uses a system of severe storm watches and warnings. A watch indicates conditions are favorable for severe weather to develop in an area; a warning indicates severe weather has been reported in an area, and everyone should take proper precautions. Any thunderstorm poses a risk of injury or death even if it does not meet the criteria for severe weather. Therefore, anytime thunderstorms are in the forecast (even if it is only a 20 percent chance, event organizers should be at a heightened level of awareness to the potential danger of lightning.

#### Management:

- **Evacuation** – *If lightning is imminent or a thunderstorm is approaching, all personnel, athletes and spectators shall evacuate to available safe structures or shelters. A list of the closest safe structures should be announced and displayed on placards at all athletic venues.*
- **Thirty-minute rule** – *Competition or practice shall be suspended once lightning has been recognized or thunder is heard. It is required to wait at least 30 minutes after the last flash of lightning is witnessed or thunder is heard prior to resuming practice of competition. Given the average rates of thunderstorm travel,*

*the storm should move 10-12 miles away from the area. This significantly reduces the risk of local lightning flashes. Any subsequent lightning or thunder after the beginning of the 30-minute count shall reset the clock, and another count shall begin.*

## **17. INTERRUPTED TOURNAMENT**

Any OHSAA tournament interrupted due to events beyond the control of the responsible administrative authority shall be resumed from the point of interruption.

If property is damaged at a tournament site by competing school teams, student body or spectators, the school from which the students and/or spectators come shall be liable and pay the cost of repair or replacement. The tournament manager is authorized to deduct from the school's share the cost of any damages caused by competing schools. Other damages to facilities not attributed to a competing school could be a legitimate tournament expense and may be deducted from tournament receipts. If damage is extensive, the District Board or Board of Directors will become involved. Student crowd control at the state-sponsored tournaments is the responsibility of the principals of the competing schools.
