OHSAA MISSION STATEMENT

The Ohio High School Athletic Association's mission is to regulate and administer interscholastic athletic competition in a fair and equitable manner while promoting the values of participation in interscholastic athletics as an integral part of a student's educational experience. The OHSAA represents its member schools by recognizing and promoting academics, the safety of participants, good citizenship and lifelong values as the foundation of interscholastic athletics.

CALENDAR

2009 GYMNASTICS RULES INTERPRETATION MEETINGS

By OHSAA Board of Directors regulation, any school sponsoring interscholastic contests in high school girls gymnastics must have the head girls gymnastics coach, assistant girls gymnastics coach or athletic administrator attend one of the meetings listed below. Any school failing to meet this requirement will be ineligible for any OHSAA sponsored tournament competition.

Those coaches or officials who do not attend a regularly scheduled rules interpretation meeting or the scheduled make-up meeting may request a special make-up meeting from one of the interpreters listed below. The fee for a special make-up meeting is \$50.00.

Officials who fail to attend one of these meetings will be suspended the following year. Attendance is also required in order to be eligible for state tournament assignments in the current year. AFTER RECEIVING A JOINT CERTIFICATION RATING, REQUEST AN APPLICATION FORM FROM THE OHSAA OFFICIATING DEPARTMENT TO APPLY FOR AN OHSAA OFFICIATING PERMIT.

It will be the responsibility of the head girls gymnastics coach, assistant girls gymnastics coach or athletic administrator of each school and officials to be in attendance within 10 minutes of the start of the meeting and stay until the conclusion of the meeting in order to receive credit for attendance.

MISCELLANEOUS ITEMS

▪ Exhibition Competition

Current OHSAA regulations prohibit exhibition competition.

In order to be eligible for OHSAA recognized interscholastic competition in girls gymnastics, a school must register the sport with the OHSAA in writing, appoint a coach who meets all OHSAA and Ohio State Department of Education certification requirements and have a representative (head coach, assistant coach or athletic administrator) present at a state rules meeting.

A school sponsoring individuals, i.e. one or two competitors, could elect to have those athletes train and compete with another school's coach or with any other individual provided that individual has been Board of Education (or other governing body if in a non-public school) approved and properly credentialed. Athletes could then compete as representatives of their schools at interscholastic gymnastics competitions up to the limitation of 14 contests. **Once an athlete has competed for her school, she may NOT compete in any non-interscholastic competition.** (Bylaw 10-3-1) Another option allows athletes to continue competition with a non-interscholastic program through Sunday, January 17, 2010, the last day for non-interscholastic competition for school-sponsored gymnastics wishing to enter OHSAA tournament competition. **From January 18, 2010 until such time as a competitor is eliminated from either individual or team competition in the OHSAA tournament series, a gymnast may NOT compete for a non-interscholastic team.**

▪ Non-interscholastic Cut-off Date

As was referenced in the Exhibition Competition item above, school-sponsored gymnasts who have not competed for their schools must cease non-interscholastic competition six weeks (42 days) prior to the Monday of the week of the State Tournament in gymnastics in order to be eligible for OHSAA Tournament Competition. This year, the prohibited period is from January 18, 2010 through that date on which a gymnast is eliminated from the OHSAA Gymnastics Tournament.

This regulation has caused some difficulty for interscholastic coaches who must interpret this process to gymnasts who compete for non-interscholastic teams as well as the school team and to those athletes who compete exclusively for the school team.

It is not the position of the OHSAA to dictate philosophy or local school policy to member schools except when specifically addressed in OHSAA Bylaws and Regulations. Coaches and school administrators are strongly encouraged to establish policies relating to participation on the school's interscholastic gymnastics team well in advance of the season and to clearly communicate such policies to student-athletes and their parents. Specifically, the OHSAA asks that member school coaches whose schools will field a gymnastics team (three or more athletes in each event) adopt a policy relating to whether or not the coach will permit non-interscholastic gymnasts to join the school team on January 18, 2010.

▪ Out of Season Instructional Programs and Coaching Regulations

The following is Instructional Program Regulation 4.4 as adopted by the OHSAA Board of Directors.

Interscholastic coaches in the individual sports of **girls gymnastics**, boys and girls swimming and diving, boys and girls golf and boys and girls tennis, may coach athletes from the school where employed outside the interscholastic season of the sport. This regulation returns to the original interpretation that had always been in place relative to the "teaching professional" coach and also extends the privilege of coaching to other coaches as well, thus solving the issue of equity and fairness. This regulation also includes the stipulation that no coach may require participation until the official start of the interscholastic season, the length of which and number of contests being maintained.

▪ **Professionalism**

Your professionalism is of the utmost importance. Your athletes and fans will follow your lead. If you are respectful of the competition and the officials, your athletes and fans are more likely to do the same. If you are disrespectful of the competition and the officials, it will be reflected in the words and actions of your athletes and fans. Officials aren't perfect and mistakes will be made, but it is all part of the learning process for our young student-athletes. So please take those disappointments and turn them into positive learning experiences. What you permit, you promote.

Also, **Bylaw 8-3-1** of the OHSAA Handbook reads in part, "Protests arising from the decisions and interpretations of the rules by officials during the game will not be considered. Their decisions and interpretations are final." This means that correctable errors must be corrected during the contest. Officials and coaches must "keep their cool" during the contest so that all teams have an equal opportunity to win under the rules. It must be remembered at all times that the competition is being conducted for the athletes. Neither officials nor coaches would be involved except for the athletes.

A reminder to all judges: Please do not make any comments to other judges or coaches about scores, conferences, your judging event other events, or any results on the competitive floor. This regulation applies to all level meets including duals, invitationals, sectionals, districts, and state tournaments. Unprofessional behavior will subject a judge to the possibility of not being assigned to future meets. **Coaches** are reminded to always be professional in addressing the meet referee and to never have any direct communication with judges on the floor. The meet referee is the liaison between the judges and coaches and can be addressed for any questions on the competitive floor.

Affiliation- The regulations regarding affiliation are NOT meant to prevent officials from judging, but to prevent unfair situations for the gymnasts. An affiliated judge can be a support judge or a meet referee but not a head judge. Affiliation of an official at a specific meet refers to:

1. An immediate family member (parent/step parent, grandparent, sibling, or any other member of a household) of a competing gymnast, or of the gymnast's coach(es) or of the club owner whose team is competing.
2. A person on the payroll of a competing club
3. A team member or parent of a Women's Artistic team member or a competing club
4. A coach of a club that has gymnast(s) competing in the meet
5. A club owner whose club has a gymnast who is competing in the meet
6. Any sport science professional that is paid for ongoing services for a competing gymnast

• **Coaches' Comments to the News Media** – OHSAA Sports Regulation B under Media Regulations

OHSAA Bylaw 8, Section 2, reads in part, "Great care shall be exercised in the selection of officials, well in advance of the contest and agreed upon by schools involved. When the contest begins each school waives all of its rights so far as objecting to the officials." Public criticism of officials is a direct reflection upon those who were responsible for assigning the officials to the game. Officials are trained and expected to make no derogatory comments regarding the players, coaches, or schools. Coaches are expected to follow the same procedure. Failure to follow this request will result in disciplinary action.

▪ **Pre-Season Preparations**

During your pre-season preparations, invite a local official(s) to meet with your squad during pre-season workouts. It allows the officials to meet your athletes and discuss new rules. It gives your athletes an opportunity to ask questions and have a discussion prior to competition days. We would also recommend inviting an official to a pre-season meeting with your parents. Again, it provides a forum for healthy discussions and an opportunity for your parents to learn more about the game.

▪ **Scheduling Conflicts**

Certainly, scheduling conflicts are going to arise. **PLEASE COORDINATE WITH YOUR ATHLETIC ADMINISTRATOR TO ENSURE THAT OFFICIALS ARE NOTIFIED IN ADVANCE OF ANY CHANGES.** When dates, times, and / or locations are changed it not only affects the officials scheduled for that contest, but also other contests they are scheduled to work. Thanks so much for your assistance!

- **Selection of Gymnastics Tournament Officials**

In order to be considered for Tournament assignment, an official must meet the following minimum standards:

District – Must be a Class 1 (Level 9-10) or Class 2 (Level 7-8)

State – Must be a Class 1

Must complete and file a yearly review exam

Must complete and file an application

Must have officiating experience in the position for which the application is made

Must not be a current high school head coach

Must attend a state rules interpretation meeting

Panels will be assigned after all applications are received and reviewed.

- **Protecting Athletic Eligibility**

If you have not received copies of the 2009-2010 OHSAA Athletic Eligibility Information Bulletin, entitled “*Your Athletic Eligibility*”, which is written to explain the rules to coaches and student-athletes and their parents, please note that a sample has been enclosed with this mailing. See your school administrator for additional copies if these have not been distributed to your athletes.

The OHSAA now requires all schools and coaches to conduct pre-season orientation meetings for student-athletes and their parents. These meetings afford the coach the opportunity to present information pertaining to school policy, athletic codes of conduct, OHSAA eligibility rules and details concerning the gymnastics program. The eligibility bulletins could be presented at this time. Please remember that when parents sign their consent for their son or daughter's participation in interscholastic athletics on the OHSAA consent form which is part of the Pre-participation Physical Exam, they also are indicating that they have read and understood the OHSAA Athletic Eligibility Information Bulletin. An instructional DVD and agendas have been provided to your school to assist with these mandatory preseason meetings.

- **Inquiries**

Our OHSAA office is here to help as needed, but depending on the time of the year it can be difficult to reach us. However, there are other sources of assistance. Our website (www.ohsaa.org) includes a great deal of information that covers many of the inquiries we often receive. The website provides gymnastics regulations, general sport regulations, tournament regulations, uniform regulations, etc. Your Gymnastics Advisory Committee Officers are another great resource for you as well. Their contact information is provided in this manual.

- **Ejection Report Forms**

COACHES/PLAYERS EJECTION FROM A GYMNASTICS COMPETITION

Officials shall file a written report with the school and the OHSAA office whenever a coach or a competitor is ejected from a contest. Use the Special Report Form provided to all officials. The form may also be obtained by contacting the Association office or the local officials association secretary. In addition, the official should telephone the school principal or athletic administrator no later than the next business day after the ejection unless the official has notified that administrator at the contest site. The offending school (coach, athletic administrator or principal) must file a written report with the OHSAA anytime a coach or competitor is ejected from a contest, home or away. See the Sports Regulations enclosed with this mailing for the full text of the regulations governing player and coach ejections.

Any verbal abuse or unsporting conduct which occurs during any high school gymnastics competition should be considered for ejection from that competition. This applies to either the coach or the athlete. Officials should use discretion and, perhaps, issue a warning to the athlete and coach. Should an ejection be deemed necessary, it should be reported to Dr. Deborah Moore, Associate Commissioner with the name of the individual involved, the school name, and the circumstances surrounding the incident as described above.

In addition, any coach who is ejected from a contest for unsporting conduct as described above, in addition to the two contest denial of participation shall be fined \$100 and shall take the NFHS “Teaching and Modeling Behavior” which must be completed within 30 days of the ejection. This course can be taken online at www.nfhslearn.com

RULES FOR OHSAA COMPETITION

GENERAL RULES

1. All OHSAA policies, rules and regulations shall be followed.
2. Regulations and rules for competition are based on the *Junior Olympic Code of Points* and a modified USAG Level 8-9-10 Program. **Requirements and restrictions will be as published in this handbook. The OHSAA will allow the performance of any “C” element and certain “D” elements. The “C” and “D” elements will receive value part credit and will be eligible to fulfill special requirements for Bars, Beam and Floor Exercise. Any “D” value parts that are not allowed for special requirements will receive “0” value parts. They will also be subject to execution deductions. Any “E” element performed which is not allowed will receive “0” for the event.**
3. The OHSAA will not follow all Level 9 restrictions.
4. Rules are interpreted by the State Rules Interpreters.
5. Rules Interpretation Meetings are held for the purpose of clarification of rules, regulations, policies and tournament procedures. An OHSAA State Rules Interpreter conducts each meeting. Corrections and clarifications will be published and sent to schools registering girls gymnastics and to officials.
6. At meets, the decisions of the officials are final.
7. Judging at tournaments will be in increments of .05.
8. In general, USAG Guidelines for Judging the Junior Olympic levels of competition are followed. Specific situations and the appropriate judging responses are published in the *Junior Olympic Code of Points*.
9. **No flash photography shall be permitted during competition.** It is required that this statement be announced prior to competition.
10. It is recommended that no gymnast scores lower than 3.0.
11. It is recommended that start values be flashed at all invitational competitions and district and state tournaments with the start value flash cards provided by the tournament or meet manager. Start values may be flashed at other meets if provided by the meet manager.
12. Clarification regarding injuries and falls off the apparatus
Take steps to stop the bleeding immediately and cover the wound as soon as possible. However, a bleeding wound (nor any other injury due to a fall) does not give the athlete the right to repeat her exercise or resume from where she left off. If the 30 or 45 second fall time (BB or UB respectively) is exceeded before the wound can be covered, then the routine is terminated. If there is blood on any equipment or mats after a gymnast finishes her exercise, the blood must be removed prior to the next athlete beginning her routine.
The coach and athlete have the right to determine if the athlete can continue the routine after a fall (within the fall time limitations); however, it is advised that any recommendations from medical personnel be heeded, in the best interest of the athlete's safety.
The meet hosts should consider providing a small first-aid kit including tape, gauze or band-aids at each event, especially if there is no trainer available, so that these items could be accessed quickly.

 - d. Minimum of "A" dismount – aerial or salto is required; no dismount = -.3 deduction taken from the start value
6. Short exercise –Exercise is less than 30 seconds, deduct 2.0 from the average score by the chief judge.
7. The time limit for beam is a maximum of 1:30. A warning will be given on beam at 1:20. The overtime deduction is 0.1 from the average score. If the time is within a fraction of a second over the time allotment, do not take the time deduction.
8. Fall time is 30 seconds.
9. All composition deductions will be applied during the competition season.
10. Group 1, 6, 7 and 8 rolls may be used to fulfill the compositional requirement of a forward or sideward and backward acrobatic element.

11. Acro Series Special Requirement – Clarification that the flight element may be from the Roll category (example: dive forward roll).
12. OPTIONAL BEAM ACRO SERIES CLARIFICATION:
 Connecting elements in an Acro series: The landing leg or the free leg must be the take-off leg for the next element. If both feet land at the same time, the take-off must be a jump from two feet.
 The following is an example of an acro series that is considered NON-CONNECTABLE, regardless of how quickly they are performed:
Back Walkover (or back handspring step-out) to Round-off (or cartwheel):
 In this example, the first element lands on one foot, then the second foot is placed on the beam behind in a lunge; the gymnast then leans forward to initiate a Round-off (or cartwheel).
 Note: The only way these two elements could connect legitimately is by landing the first element on one leg and swinging the other leg forward to step into the Round-off (or cartwheel); that would mean performing the two skills on opposite legs. Of course, the gymnast could do a Right BWO and switch legs to land on the Left foot so that she could then step forward on the Right leg to initiate a Right Round-off (or cartwheel).
13. The Back salto stretched with step-out and gainer back salto stretched with step-out will be considered as “C” value when awarding Connection Value. “D” Difficulty Value bonus of +0.1 will still be given.

FLOOR EXERCISE

1. Value Part Requirements: 4 “A’s” @0.10 each, 4 “B’s” @0.30 each , 0 “C”
2. Basic Start Value - 9.7 points
3. Additive Value for Connection Value or allowable Difficulty Value = maximum 0.30 point. Value Parts of “A”, “B”, “C” and “D” gymnastic or acrobatic strength elements are allowed. Maximum start value = 10.0 . “E” gymnastics elements are allowed for “O” value part credit.
4. The following “D” acrobatic skills with flight will be allowed:
 - a. 8.401 – Salto backward with 2 ½ twists; 6.401 – salto forward with 1½ twists; 8.403 – double salto backward tucked and piked.
 - b. NO “E” acrobatic value parts are allowed.
5. Special Requirements (4 at 0.20 each) Refer to JO Code of Points – Level 8
 - a. Acro series with 2 saltos or 2 directly connected saltos (the saltos may be the same or different)
 - b. Three different saltos within the exercise
 - c. Dance passage with two different elements from Group 1 (directly or indirectly connected) – one a leap with 180 degrees cross or side split
 - d. Minimum of “A” salto performed as last isolated salto or in the last salto connection
6. Lack of minimum of “B” salto - .30
7. Short exercise – See JO Code – Exercise is less than 30 seconds, deduct 2.0 from the average score by the chief judge.
8. All composition deductions will be applied during the competition season.
9. Timing - The maximum time limit for floor is 1:30. The overtime deduction is 0.10 from the average score. If the time is within a fraction of a second over the time allotment, do not take the time deduction.
10. FLOOR MATS: Spring/Reflex floors may be used at OHSAA Tournaments. They may be used in regular season competition by mutual agreement of participating schools.

APPARATUS SPECIFICATIONS

The following applies to all events: Up to 9" of any combination of additional matting (skill cushion or sting mat are allowed in addition to maximum allowable competition landing surface of 24 cm. One manufactured skill cushion or sting mat may also be used in addition to the maximum allowable landing mats. If the skill cushion is 8" in thickness, it must be a minimum of 5' x10'; however, it is recommended that the skill cushion be as close as possible to the dimensions of the competition landing mat. Abutted mats: When two mats are abutted, they should be secured at the joining with ties or tape to prevent an open space between the mats. A sting mat may also be used by itself or in addition to the skill cushion.

In addition to what is currently allowed for Optional competitions for mounting the apparatus (as found in the *Rules and Policies*), the gymnast is allowed to stand on an 8" skill cushion for uneven bars or balance beam mounts.

VAULT

The vault table is required. For round off entry vaults, a manufactured safety collar must be used for training and competition.

Vault Table Height = 100 cm + or – 1 cm minimum to 135 cm + or – 1cm maximum

Measurement is from the front of the table

Runway: Length = 76' minimum, 82' maximum .

Matting for Landing Area: A minimum of 6' wide x 12' long x 4-4 3/4"(12 cm) thickness is required over the base mat. An 8' x18' mat is recommended. An additional 4" or 4 3/4" landing mat may be used.

Any combination of matting systems is permitted provided that the total thickness does not exceed 10" \pm 3/4" (24 \pm 3 cm) and all landing mats are uniform in width and length.

VAULT EQUIPMENT:

1. The regulation landing mats (plus allowable skill cushions) may be placed on top of a solid foam pit landing area for vault.
2. All manufactured models of the new vault table (including "retro-fit" tables that are inserted into the uprights of the old horse) are allowed for Jr. Olympic competition, provided that they are capable of being adjusted to the various height specifications allowed for Jr. Olympic athletes. A mat is required to be placed in front of the support of the vault table. A mat may be used which is no higher than the low edge of the front of the board.
3. No sting mat on the vault board is permitted.
4. No tape or chalk is permitted on the vault table.
5. Manufactured hand placement mats, **Velcro side down**, shall be required **for both warm-ups and competition**.
Note: No sting mat on the vault board is permitted.

UNEVEN BARS

Low bar = 166 \pm 1 cm High bar = 246 \pm 1 cm

Bars must close to a minimum of 130 cm and extend to a maximum spread of 180 cm..

In accordance with Junior Olympic guidelines, based on the best interest of the gymnast's safety, it is permissible to adjust the high bar and/or low bar to a height which exceeds (or is lower than) the F.I.G. specifications provided that after such adjustment, the bars remain within the allowances identified by the manufacturer of the apparatus. In addition, the distance (spread) between the bars may be set to the preference of the athlete, provided after such adjustment, the bars remain within the allowances identified by the manufacturer of the apparatus.

Schools with Bars that do not extend to 130 cm should inform visiting school at least a week in advance. (See coaches' agreement regarding equipment specifications).

Tournament: Uneven Bars will extend to 180 cm .

Measure: Height of bars from the top of the rail to the floor.

Width between the inside of the rails by vertical (plumb) line.

Mount and Dismount Areas: 18' minimum forward and rearward of the center of the bars is recommended.

Matting: 24' long x 6' wide x 4-4 3/4" thick. 8' width is recommended.

A minimum of 12' from the center of the bars to the front and 12' to the rear. Matting may be adjusted up to 4' forward or backward for dismounts.

An additional 4 3/4" or 4" landing mat may be used.

Any combination of matting system is permitted provided that the total thickness does not exceed 10" \pm 3/4" (24 \pm 3cm) and all landing mats are uniform in width and length.

BALANCE BEAM

Height = 120 cm (47" \pm 1/4") or 125 cm

Measure at both ends from the top of the beam to the floor.

Mount and Dismount Areas: 18' from each end of the beam is recommended.

Matting: Under the beam, a minimum of 6' wide x 4-4 3/4" thick.

Landing area, a minimum of 6' wide x 12' long x 4-4 3/4" thick.

When space filler matting is needed to extend regular matting under the beam, the height and density of the filler matting should be as equal as possible to the regular matting.

Note: If a landing mat is not provided at both ends of the beam, the area designated as "not a landing area" must be matted a minimum of 6' wide x 3' long x 4-4 3/4" thick. Schools should be informed one week before the meet when only one end dismount area is available. An additional 4 3/4" or 4" landing mat may be used.

Any combination of matting system is permitted provided that the total thickness does not exceed 10" \pm 3/4" (24 \pm 3cm) and all landing mats are uniform in width and length

FLOOR EXERCISE

12 m x 12 m (39' 4 7/16" x 39' 4 7/16")

Measure from the outside of the parallel boundary lines.

Matting: 1 1/4" + 1/4" thick ethafoam or similar cushion material, covered with carpet, naugahyde or similar material; or, a wrestling mat. **Mats must be clearly marked to indicate actual boundary lines. Failure to mark mats will result in a -10 neutral deduction taken from average.**

Two additional mats (skill cushions – each a maximum thickness of 8 inches/20 cm) can be placed separately on the floor exercise area.

- If the skill cushion is 8" in thickness, it must be a minimum of 5' by 10'.
- A "sting" mat may also be placed on top of each of the up to 8" skill cushions.

Note: The additional matting does not have to be removed during the exercise.

All abutted mats should fit together without separation or be taped.

Spring/Reflex floors may be used in OHSAA Tournament Competition.

A spring/reflex floor may be used in other competition by mutual agreement of all participating schools.

SPRINGBOARD:

Height = 22 cm \pm 1.5 cm

Measure from the top of wood at the highest point to the floor.

1. The gymnast may use a springboard to mount.
2. MOUNTING RULES FOR BARS AND BEAM:
3. Standing mounts: The gymnast may stand (with or without a board) on one or two competition landing mats, and may also stand on an "up to 8-inch skill cushion" (sting or throw mat" that is placed on the competition landing mat(s) for dismount purposes.
4. Mounts using a spring board: The board may be placed on one competition landing mat(s) (one or two 10-12 cm mats or one 20 cm mat) or on the supplemental matting of 5-10 cm. (sting mat or 4" throw type skill cushion)
5. The board must be removed as soon as possible after the gymnast has mounted. If not removed, a deduction of 0.30 is taken from the average score by the Chief Judge.
6. Mounts that are preceded by one element prior to take off from the board will be allowed. If more than one element is performed before take-off from the board, a 0.20 deduction is taken by each judge. However, only the movement done after the feet leave the board will be evaluated.

NON-REGULATION AND FAULTY EQUIPMENT

1. The Meet or Tournament Director/Manager shall measure apparatus at all meets and OHSAA tournament competition.
2. When equipment does not meet the specifications listed herein, opponents should be notified at least one week in advance. See "Coaches Agreement." When equipment is not regulation, the visiting team has the choice of changing the meet site, or the meet would be declared a "no contest".
3. When equipment breaks during warmups or competition and cannot be replaced or repaired, the same procedures should be followed as for non-regulation equipment.
4. When equipment is faulty, or other problems arise, the Meet Referee/Chief Judge of the event will decide to allow or disallow the gymnast to repeat her exercise. If the gymnast repeats the exercise, her score for the event will be the score earned on the repetition.

WARNING:

1. Risk of injury to an athlete can be minimized, but this risk can not be eliminated. Apparatus should be inspected for flaws that might lead to apparatus failure. Gymnasts should be in good health and trained to perform the skills included in each exercise.
2. When the coach or supervisor is not in the room, the gymnasts or any other students or individuals should not use apparatus and/or equipment.
3. A bonded manufacturer of gymnastics apparatus or mats should manufacture apparatus. No apparatus should be altered except with a part, or parts, specifically designed for the purpose and manufactured by a bonded company.

UNIFORMS

The OHSAA shall follow the USAG Junior Olympic rules for competition in regard to competitors' uniforms. Therefore a gymnast shall present herself in the proper attire for both warm-ups and competition. (No bare midriffs, backless leotards, T-shirts, Boxer or compression shorts). Leotard and/or warm-up suit shall be worn for opening, closing and award ceremonies. Leg opening on competitive leotards must NOT be cut or rolled above the gymnast's hip bone. A deduction will be applied for an infraction. For competition, the gymnast may wear a sleeveless leotard and may be barefooted or wear gymnastics footwear. Clarification: If underwear is visible due to the cut of the leotard, warn the coach of the athlete. If they do not correct it, take a deduction on the subsequent event. Underwear should not be intentionally visible throughout the entire routine. However, if briefs or bra straps show due to activity, do not take the deduction. Judges need to use common sense. Sports bras if visible must be the same color as the predominant color of the upper portion of the leotard which surrounds the sports bra.

NOTE: Leotards may have the school name or the school's mascot on them, but they may not display any other marking except as is permitted within the OHSAA uniform regulations contained within this publication.

For a competitor who presents with improper attire during touch warm-ups and/or competition, a 0.20 deduction shall be taken from the gymnast's first event score when it is noticed by the officials, following a warning. This deduction shall be taken by the meet referee. Please note: proper competition uniform consists of a leotard only.

For the pre-meet or tournament parade or march, athletes must be attired in warm-up clothing or school-issued uniforms. If there is no regular team uniform, the gymnasts may march wearing identical tee shirts with school logos and shorts or warm-up pants.

Note: During general warm-ups, athletes are not permitted to wear improper attire such as compression shorts, boxer shorts, tee shirts, etc. The reason for this prohibition is the safety of the gymnast, and the OHSAA strongly discourages any deviation from this recommendation; however, there is no penalty for failure to comply.

It is unacceptable and shall be considered **unsporting conduct** (subject to ejection) if a student-athlete removes her leotard in any area within the view of the public. This includes but is not restricted to the competition and warm-up areas. All facilities make locker rooms available to student-athletes, and it is in this environment that the gymnast shall make any changes of uniform.

PENALTY: Ejection from the contest for unsporting conduct. This requires that the gymnast be ineligible for the next two gymnastics contests.

JEWELRY

Jewelry is not permitted AND MUST BE REMOVED. No warning shall be issued. The deduction is .20 on the first event that it is noticed by the officials and a .30 unsporting conduct penalty for any subsequent event.

Note: In all other OHSAA adopted national playing rules, jewelry is not permitted. The ultimate responsibility for compliance with this rule rests with the coach as well as the student athlete. NOTE: The covering of jewelry is not acceptable. Officials are requested to insure that jewelry that is covered be removed immediately.

JUDGING FORMULA

The judging formula for OHSAA competitions will be as follows:

Start value	9.7
Bonus points	0.30
Maximum score	10.00
Special requirements	
Bars	.8
Balance Beam	.8
Floor Exercise	.8
Execution, Composition and Artistry	7.3

Presentation includes Artistry up to 0.30 pt. and Dynamics up to 0.20 pt.

Execution will include technique, amplitude, and rhythm of the elements and connections as well as the overall posture and rhythm and the specific apparatus deductions.

AWARDING ADDITIVE VALUE

Additive value for Difficulty "D" or Connection Value will not be awarded with a deduction of 0.30 or more. (A deduction of up to 0.25 will not negate the bonus). **NOTE: Neutral deductions (timing or out-of-bounds violations) shall be indicated to the coach either verbally or by visual means.**

OHSAA TOURNAMENT REGULATIONS

Tournament Regulations are available at www.ohsaa.org (after approval at the October Board meeting). On the web site, under "Sports & Tournaments" select gymnastics. The regulations are listed under Tournament Information on the left side.

A meeting for coaches and judges must be held prior to District competition. The Tournament Referee conducts the meeting.

Withdrawal (scratches) and substitutions of competitors:

1. A competitor may be withdrawn or substituted with another eligible gymnast at the coaches meeting before competition.
2. Competitors on a team do not have to be the same individuals who competed in the prior Tournament.
3. A coach may replace an eligible gymnast for a competitor who is injured or becomes ill during warm-ups or competition. The substitute gymnast will receive warm-up time equal to that of other gymnasts on the event, or events, at the directive of the tournament manager. The injured/ill gymnast thus replaced may be permitted to reenter the competition for any other event for which she was entered, provided she is authorized to do so by coaching staff/medical personnel.
4. A coach may choose to "scratch" an injured gymnast from an event in which she is entered rather than replace her. The gymnast will receive a "score of zero" by presenting herself for the event in her rotation and touching the apparatus.

Use of Alternates

An alternate gymnast or team may compete in the individual or team competition of the State Tournament if a qualifying gymnast or team cannot compete due to injury, illness, flagrant misconduct or ineligibility. The alternate shall be the next highest individual qualifier or team in that event or the team competition from the District Tournament. **Replacement of these athletes or the team may be made up to the time that the competition begins in that event at the State Tournament. The athlete and her coach or the next qualified team must report to Associate Commissioner Deborah Moore for verification. If the replacement can be made prior to Tuesday by 4:00 PM, the name of the competitor can be placed into the official program.**

Repetition of an Exercise

Repetition of an exercise is not permitted. Exception:

1. Whenever there is a failure of equipment during a competitive routine, the gymnast should have the option of repeating her routine in total or repeating the routine from the point of interruption (after a reasonable amount of rest, if necessary). The decision must be made prior to flashing the score. If an event occurs during a routine that is no fault of the gymnast, the Chief Judge of the event will make the decision regarding repeat of an exercise in consultation with the meet/tournament referee or acting referee. Decisions must be made promptly.
2. When an exercise is repeated the event score is the score for the second exercise.

Score Inquiries must be given to the Tournament Referee by the coach within 5 minutes of the conclusion of the school's competition on the event.

Ties are broken at the district tournaments for the last qualifying place. All scores will be calculated to the thousandth place. The basic procedure followed until ties are broken is:

Individual Events

1. Math and score-sheet entries are checked for errors.
2. "Base score" is determined.
The gymnast's event score added to the chief judge's score divided by 2.
3. If both/all tied gymnasts competed in the All-Around competition, the gymnast with the highest All-Around score shall advance.
4. Competitors repeat the exercise.

Team Competition

Ties for the last qualifying place will be broken by:

1. Application of #1 above
2. A "base score", as described in #2 above, will be determined by the chief judge and tournament manager for all scores in all events for the athletes comprising each tied team (maximum number of gymnasts permitted is six).
3. The sum of the top four "based" scores in each event shall be added to determine the new team score, which will be used to break the tie for advancing to the next round of tournament competition.

All-Around Competition

1. The gymnast with the highest score on a single event shall advance.
2. Given the remote possibility that the tied competitors would be tied on all events, each separate event shall be base scored to produce a new All-Around score.

Coaches

OHSAA bylaws require that all coaches, paid or volunteer, be approved by their respective Boards of Education or governing boards (in nonpublic schools). It is imperative that only coaches who have been approved by their schools be permitted to work with gymnasts on the floor at OHSAA tournaments, as well as during the regular season. High school principals, on the entry form, shall verify all individuals who have been approved to coach in that high school. No other individuals shall be permitted access to the competition area during OHSAA tournaments.

COMMUNICABLE DISEASE PROCEDURES

While risk of one athlete infecting another with HIV/AIDS during competition is close to non-existent, there is a remote risk that other blood borne infectious diseases can be transmitted. For example, Hepatitis B can be present in blood as well as in other body fluids. Procedures for reducing the potential for transmission of these infectious agents should include, but not be limited to, the following:

1. The bleeding must be stopped, the open wound covered and if there is an excessive amount of blood on the uniform it must be changed before the athlete may participate.
2. Routine use of gloves or other precautions to prevent skin and mucous membrane exposure when contact with blood or other body fluids is anticipated.
3. Immediately wash hands and other skin surfaces if contaminated (in contact) with blood or other body fluids. Wash hands immediately after removing gloves.
4. Clean all contaminated surfaces and equipment with an appropriate disinfectant before competition resumes.
5. Practice proper disposal procedures to prevent injuries caused by needles, scalpels and other sharp instruments or devices.
6. Although saliva has not been implicated in HIV transmission, to minimize the need for emergency mouth-to-mouth resuscitation, mouthpieces, resuscitation bags, or other ventilation devices should be available.
7. Athletic trainers/coaches with bleeding or oozing skin conditions should refrain from all direct athletic care until the condition resolves.
8. Contaminated towels should be properly disposed of/disinfected.

OFFICIALS

GENERAL NOTES TO OFFICIALS

The sport of girls gymnastics is indeed a unique and wonderful sport, and the process for registering for an OHSAA license to officiate and for maintaining active status is also unique. Most officials understand that in order to become registered as a Class 1 Girls Gymnastics official, they must provide to the OHSAA officiating department a copy of their USAG Joint Certification (Level 9 or better) at the time application is made. In order to receive a Class 2 license, the official must provide the OHSAA with a copy of the USAG Joint Certification (Level 8) at the time of registration. An official will then be required to complete, return and pass the take home review exam by the deadline and attend a state rules meeting, when scheduled, in order to retain active status. After having been registered, the renewal period is from June 1 - July 1 each year. During that time, officials should send the renewal fee to the officiating department.

Failure to renew one's license does result in the suspension of the official; however, the gymnastics official may be reinstated to full status by reapplying, sending the joint certification, passing the review exam and attending a rules meeting, when scheduled. There are no other penalties incurred except those suspended officials will not be assigned to work OHSAA tournaments.

There are many benefits that accrue to OHSAA registered officials. It may be useful to note some of these for our gymnastics officials:

- a. Receipt of all rules books and materials including the JO Code of Points once each quadrennial
- b. Membership in the National Federation Officials Association
- c. Eligibility for recognition for honorary awards such as the National High School Sports Hall of Fame, the NFOA National and State Distinguished Service Awards and the OHSAA Officials Hall of Fame
- d. Opportunity for professional affiliation and growth
- e. Most importantly - the chance to work with young people who are committed to interscholastic gymnastics

Please feel free to direct any inquiries regarding officiating to Mr. Henry Zaborniak, OHSAA Assistant Commissioner, at the OHSAA.

OFFICIATING ETHICS & CODE OF CONDUCT

(From www.ohsaa.org and the OHSAA Handbook for Officials)

Our member schools have entrusted officials to assist them in the education and development of their youth through athletics. This requires officials to be independent, impartial, and responsible to the people they serve. In recognition of these expectations there is an established **Code of Ethics** and **Code of Conduct** for all officials. The purpose of the code is to establish guidelines for ethical standards of conduct for all officials.

OFFICIATING CODE OF ETHICS

An Official must devote time, thought and study to the rules of the contest and the mechanics necessary to carry out these rules so that one may render effective and credible service in a fair and unbiased manner

An Official must work with fellow officials and the state association in a spirit of harmony and cooperation in spite of differences of opinion that may arise during debate of points or rules at issue

An Official must resist every temptation and outside pressure to use one's position as an official to benefit oneself. Under all circumstances, officials must avoid promoting the special interest of any person or group of persons other than the athletes we serve

An Official must constantly uphold the honor and dignity of the avocation in all personal conduct and relations with the student-athletes, coaches, athletic directors, school administrators, colleagues, and the public, to be a worthy example to the athletes under one's jurisdiction

An Official will be prepared both physically and mentally, dress accordingly to expectations and maintain a proper appearance that is befitting the importance of the game

An Official shall avoid the use of **tobacco** and **related products** at the contest site

An Official must remember and recognize that it is important to honor contracts regardless of possible inconvenience or financial loss

Every member of the officiating profession carries a responsibility to act in a manner becoming a professional person. The conduct of any official influences the attitude of the public toward the profession in general as well as toward the official in particular.

Sports officials bear great responsibility for engendering public confidence in sports. They are critical to the health of athletic competitions. Officials ensure games are played fairly, by the rules, within the spirit of the rules and in a safe manner. Officiating takes a great deal of preparation, continuing education and commitment of time.

PRE-SEASON PREPARATIONS

We have encouraged coaches to invite local officials to meet with their team during pre-season workouts. It allows the officials to meet the athletes and discuss new rules. It gives athletes an opportunity to ask questions and have a discussion prior to competition days. We also recommended inviting an official(s) to a pre-season meeting with team parents. Again, it provides a forum for healthy discussions and an opportunity for parents to learn more about the sport. Many of you already participate in such activities, but for those that do not, please get involved!

STATE TOURNAMENT OFFICIALS SELECTION PROCESS

All girls gymnastics officials who have a Class 1 license, have completed an annual review exam and attended a state rules interpretation meeting are eligible for assignment to the Girls State Gymnastics Tournament. In order to be considered, the official must complete an application, which will be sent in October. The selections of officials to work the tournaments will be made by OHSAA staff in conjunction with state rules interpreters taking into account the official's experience, NAGWJ rating, event preference and availability. No official is guaranteed assignment to both days of the tournament. In addition, although proportional representation is not a requirement, the assigners will attempt to balance the panels in terms of the athletic district where each official resides.

It is anticipated that contracts will be released in December.

UNIFORM REQUIREMENTS

In accordance with Board of Control-adopted regulations printed in the 2009-2010 OHSAA Handbook for Officials, the required uniform for girls gymnastics officials consist of any combination of red, white or blue blouse and skirt or slacks. This uniform is mandatory in all regular season meets as well as tournament meets. Emblems and patches are not permitted on the officiating uniform. EXCEPTION: The authorized OHSAA-registered officials patch may be worn on the left breast pocket or on the left sleeve with the top of the patch 1" from the seam." COMMENT: The OHSAA has also permitted judges to wear the NAWGJ emblem on the officiating uniform. The OHSAA patch may be obtained by sending a check for \$3.00 per patch to Connie Scherpf in the OHSAA Officiating Department.

SPORTING CONDUCT

RespectSM THE GAME

The OHSAA challenges everyone to take positive steps toward positive sporting behavior. It is the responsibility of each of us to serve as a positive role model and set high expectations for others.

ADMINISTRATORS

Athletic departments are comprehensive, pre-eminent teaching departments with a subject matter all their own: self-confidence, leadership, teamwork, discipline, perseverance, respect for others, strategic thinking, dedication, the importance of rules, and sportsmanship. These are true-life lessons, and participation in athletics provides another forum for learning.

Coaches and Officials are responsible for promoting sporting conduct and positive behavior on the competition floor. Administrators, we need your continued assistance in promoting sporting conduct and controlling fan behavior in the stands! Let the parents and fans know what you expect!

COACHES

Your athletes will demonstrate the attitudes and behaviors they have learned from you, either through direct instruction or through observation of your actions. ***Never underestimate the influence you have on your students!*** You must:

- Abide by and teach the rules of the sport in letter and in spirit.
- Set a good example for players and spectators to follow.
- Respect the integrity and judgment of contest officials and judges. Treating them with respect, even if you disagree with their judgment, will serve to create a positive impression of you and your team.
- Display modesty in victory and graciousness in defeat.
- Develop a program that rewards participants and spectators for displaying proper sportsmanship and enforces penalties on those who do not abide by sportsmanship standards.

It is difficult to develop a great setter, a great hitter or a great defensive player. However, your greatest challenge is to develop mature young adults who will become great citizens and role models in your community.

OFFICIALS

Your job is not an easy one, but officials must be aware that they are an important component in the educational development of students. To carry out this responsibility, you must:

- Know the rules and mechanics of our sport and the philosophy behind them.
- Get fit and stay fit. An official with all of the rules and mechanics knowledge and people skills in the world does no good if he or she cannot physically keep up with play.
- Maintain professional and ethical relationships with athletic administrators, especially in the area of fulfilling game contracts.
- Work cooperatively with fellow officials during contests and within the officials' association to improve members' performances.
- Maintain at all times and when interacting with all participants, an attitude of civility and professionalism.
- Practice effective preventive officiating as much as possible before, during, and after a competition. The quiet word, proper signals, timely verbal instructions, a simple thank-you to a player for avoiding an unsporting act, and well-thought-out pre-competition conferences with the teams and other contest officials will result in an improvement of sporting conduct by eliminating the chance for things to go wrong.

STUDENT-ATHLETES

You serve as a role model for your younger siblings, young fans in the stands, your teammates, and your classmates. Set high expectations for everyone and help them follow-through! You must:

- Accept and understand the seriousness of your responsibility, and the privilege of representing your school and the community.
- Live up to the standards of sporting conduct established by the school administration and the coaching staff.
- Learn the rules of the game thoroughly and discuss them with others. This will assist everyone in the achievement of a better understanding and appreciation of the game.
- Treat opponents as you would like to be treated.....with respect.
- Respect the integrity and judgment of game officials. Treating them with respect, even if you disagree with their judgment, will serve to create a positive impression of you and your team.

CONCLUSION

Good sporting conduct is everyone's responsibility. It is the essence of interscholastic athletics. Remember...some may question an official's judgment or a coach's decision, but no one can question the value of good sporting conduct.

Note from Roxanne Price, Chair of the OHSAA Sportsmanship Ethics and Integrity Committee:

As we prepare for the upcoming seasons, we wish to emphasize to each of you the importance of your leadership role in sporting conduct, ethics and integrity. The professional manner in which officials and coaches conduct themselves prior to, during and following a contest unquestionably impacts the behavior of others involved.

The OHSAA has joined the National Federation of State High School Associations (NFHS) in its quest to improve sportsmanship, ethics and integrity. We are involved in an ongoing campaign in every sport to do just that. Printed below is the mission statement of the NFHS concerning sporting conduct, ethics and integrity. Please take the time to read and digest this statement and then carefully consider your impact upon the players, officials, coaches, and fans. Thank you and have a great season.

NFHS Sporting Conduct Mission Statement

Good sporting conduct is viewed by the National Federation of State High School Associations as a commitment to fair play, ethical behavior and integrity. In perception and practice, sportsmanship is defined as those qualities which are characterized by generosity and genuine concern for others. The ideals of sporting conduct apply equally to all activity disciplines. Individuals, regardless of their role in activities, are expected to be aware of their influence on the behavior of others and model good sportsmanship.
