

Basketball Frequently Asked Questions

The OHSAA receives a *large* volume of calls and email at the conclusion of the season in regard to what coaches 'can and cannot do'. Though this is not inclusive, a few guidelines are listed below to assist you AND your middle school and sub-varsity coaches. Please remove, copy and share this page with others on your staff. Please go through your Athletic Administrator for questions related to the OHSAA's Bylaws and Sports' Regulations. All are contained within the OHSAA's Handbook, pictured to the right and are also available online at www.ohsaa.org.

When does a Team's "No-Contact Period" actually begin?

Answer: At the conclusion of THAT TEAM'S season. For example, if a Middle School team's season ends on Friday, February 11, the 'no-contact period' would begin Saturday, February 12 for players on that team.

Can Middle School Players practice or play with High School players?

Answer: No. OHSAA Bylaws prohibit middle school players from practicing *or* competing with High School players during the season of play in all sports.

Can Middle School Players participate in Open Gyms at the High School level?

Answer: Yes. OHSAA Bylaws and Sports Regulations do not prevent anyone from participating in Open Gyms.

What can we as coaches do during an Open Gym?

Answer: Coaches may play during an open gym setting. Open Gyms cannot be made mandatory. Open Gyms **must** be 'free and unstructured' play, so NO coaching may take place during an Open Gym. Open Gyms are defined in their entirety in Sports' Regulation #7 on pages 68-69.

What can we as coaches do during Conditioning Programs?

Answer: Conditioning programs cannot be made mandatory. Sports' Regulation #6 on page 68 of the OHSAA Handbook defines Physical Fitness/Conditioning Programs. Obviously, conditioning programs cannot be used as a 'disguise' for conducting out of season practices.

Who can volunteer to be a member of the coaching staff?

Answer: To work with student-athletes in any school program, an individual must receive his/her Pupil Activity Certificate through the Ohio Department of Education **and** be approved by the school's Board of Education. Once achieving these requirements, a volunteer falls under all Bylaws and Sports Regulations of the OHSAA.

Can a player on my team participate in non-interscholastic team(s) at the same time as the season?

Answer: No. Sports' Regulation #4 prohibits student-athletes from participating in programs such as "AAU", "Club", "Travel" and like programs during the season of play. Coaches should go to great lengths to explain this to players on their teams.

When CAN a player on my team participate in Non-Interscholastic Basketball?

Answer: As soon as his/her season is complete. This means a Varsity player may participate as soon as his/her last game (including tournament) is played. Any sub-varsity player may play non-interscholastically when his/her season is complete **but** it must be kept in mind that he/she cannot return to dress/participate in any OHSAA tournament game. Many Athletic Administrations will safeguard this by allowing no level of player to participate in non-interscholastic basketball until the varsity's last tournament game. Though not entirely necessary, this DOES safeguard all athletes.

How many players can play together on a Non-Interscholastic team such as AAU?

Answer: TWO (2). OHSAA Sports Regulations limit the number of participants on any **non-interscholastic roster** to no more than 50% of those that make up a starting lineup of a team. In basketball, that magic number is 2. The only exception to this is explained on page 65 in Sports' Regulation 4.11 in which all members of the non-interscholastic squad are siblings (by blood or adoption) and no other player from the same school squad is a participant on the non-school team.

Can our team participate in a fundraiser game against a faculty or a team of local/area celebrities outside the season of play?

Answer: Only during June and July. Any event such as that between the end of the season and June 1 that has more than 2 players from the same school would be in violation of Sports Regulation 4.5 that limits the number on any one team out of season.

If our school has 2-8th grade teams, are we permitted to have 4 total players from our school on a non-interscholastic team (AAU/Travel)?

Answer: No, UNLESS your 2 separate 8th grade teams are in 2 separate middle schools. For example, if you have Jones Middle School and Smith Middle School, you COULD have 2 from "Jones" and 2 from "Smith" on the same non-interscholastic team. If you have both 8th grade teams in the same building, you are strictly limited to the 2 from that particular school, regardless of how many teams you have.

Is the above true for 3 on 3 Tournaments such as "Gus Macker" (and like) tournaments?

Answer: Yes. That same 50% rule pertains to all types of non-interscholastic play.

How are players 'classified' when in Middle School/Junior High and High School relative to playing on non-interscholastic teams?

Answer: Players are considered middle school/junior high until the beginning of their 9th grade year and are considered separate as it relates to participating on non-interscholastic teams. For example; 2 - 8th graders could participate on an "AAU" (non-interscholastic) team along with 2 - 9th graders from the same school. They are considered separate. Please keep in mind this cannot occur during the season of play.

During the summer, how many days are we permitted to coach our players?

Answer: TEN (10). From June 1 – July 31, a coaching staff is permitted to coach a total 10 days, known as 'instructional days'.

Does a day of my own summer camp count toward these 10 days?

Answer: Yes. Any day of instruction is considered one of the 10 total permitted between June 1 and July 31.

How about if I coach a team that consists of only 2 players from my school team (during June and July)?

Answer: Currently the OHSAA does not view that as an instructional day, but one must remember it MUST be between June 1 and July 31.

Does each member of my staff receive 10 separate days?

Answer: No. Obviously, if this were to occur, a school could have upwards of 40 and 60 days of permitted instruction. The 10 days permitted are per staff.

Do Volunteers count in the 10 day total?

Answer: Yes. As mentioned earlier, all volunteers fall under the Bylaws and Sports Regulations of the OHSAA. The 10 days permitted to a staff are inclusive of paid and volunteer coaches.

If my son or daughter plays on an AAU or Non-Interscholastic team, can I coach them if I am a school coach?

Answer: Only during the June 1 – July 31 period of time. Coaching ones own players is prohibited outside the season other than those dates and no exception is provided for families.

Can a Junior High coach from my district coach HIGH SCHOOL players in non-interscholastic basketball (such as "AAU") outside the season of play?

Answer: No. No staff member, paid or volunteer is currently permitted to coach players from the school teams where employed outside the season of play, except for the 10 days permitted to the staff in June and July.

Can a High School coach from a district coach JUNIOR HIGH players in non-interscholastic basketball (such as "AAU") outside the season of play?

Answer: No. No staff member, paid or volunteer is currently permitted to coach players from the school teams where employed outside the season of play, except for 10 days permitted to the staff in June and July.

We have incoming 7th graders that want to play in a fall basketball league. What rules affect them?

Answer: None of the OHSAA Sports Regulations regulate 7th graders until they establish themselves as a member of a school basketball team. As a result, they may play on teams without regard of the "50% limitation".

On non-interscholastic teams, can 2 boys from a school play along with 3 GIRLS from the same school and still meet the requirements of the "50% Rule" (Sports Regulation 4.5) when players participate in non-interscholastic basketball?

Answer: Yes. Since boys' and girls' teams are separate, the 50% limitation (Sports Regulation 4.5) separates boys' teams from girls' teams.
