RE: 2012-13 Pre-Season Mailing

NOTE: ATTENDANCE CARD ENCLOSED YOUR MAILING

Greetings! Please find enclosed with this mailing the 2012-2013 “Girls Gymnastics Manual” for your reference throughout the year. This publication includes materials you have received in the past as well as easier to read copies of our general sports and girls gymnastics regulations in a sports manual format. Both coaches and officials will be receiving the same manual although some of the material may pertain differently to each group. This is the Fourth and Final year of the Olympiad for the USA Gymnastics cycle. Three years ago all registered OHSAA officials and schools received a copy of the USA Gymnastics Junior Olympic Code of Points for Women’s Artistic Gymnastics 2009-2013. This publication is to be retained through this school year! Replacement will require a $50.00 payment. If you are a newly registered official, you will be supplied a Code by our officiating department. If your school was not a registered gymnastics school during the 2012-13 season, your athletic administrator will need to contact Renee Moore, Assistant to Deborah Moore, to receive a Code. Note that for the new cycle, 2013-2017, we plan to purchase the new Codes as soon as they are available from USAG, which may be in the late spring.

As in the past, attendance at a state rules interpretation meeting is mandatory. The head varsity coach, assistant coach, or an athletic administrator of each girls gymnastics high school is required to attend one meeting. Attendance is required in order to be eligible to enter the OHSAA sponsored tournament. Coaches may represent more than one school, but must be certain to document attendance for all programs. THEREFORE, PLEASE BRING THE ATTENDANCE CARDS FOR ALL SCHOOLS FOR WHOM YOU ARE THE COACH OF RECORD. You will be permitted to turn in multiple cards for those schools you represent. Coaches of 7th-8th grade teams are encouraged to attend as well. Attendance is also mandatory for all officials. In order to receive credit for attending a meeting, you must be present within 10 minutes of the start of the meeting and stay until the conclusion of the meeting.

USA Gymnastics Junior Olympic Rules with modifications are to be used for girls gymnastics competition in Ohio. No coach, administrator, or official has the authority to modify or set aside these rules. Please take the time to review the materials provided. If you have any questions, or I can be of any assistance, please do not hesitate to contact me.

Thanks so much for all of your work, and best of luck this season!

OHSAA MISSION STATEMENT

The Ohio High School Athletic Association's mission is to regulate and administer interscholastic athletic competition in a fair and equitable manner while promoting the values of participation in interscholastic athletics as an integral part of a student's educational experience. The OHSAA represents its member schools by recognizing and promoting academics, the safety of participants, good citizenship and lifelong values as the foundation of interscholastic athletics.

CALENDAR

2012 GYMNASTICS RULES INTERPRETATION MEETINGS

By OHSAA Board of Directors regulation, any school sponsoring interscholastic contests in high school girls gymnastics must have the head girls gymnastics coach, assistant girls gymnastics coach or athletic administrator attend one of the meetings listed below. Any school failing to meet this requirement will be ineligible for any OHSAA sponsored tournament competition.

Those coaches or officials who do not attend a regularly scheduled rules interpretation meeting or the scheduled make-up meeting may request a special make-up meeting from one of the interpreters listed below. The fee for a special make-up meeting is $50.00.

Officials who fail to attend one of these meetings will be suspended the following year. Attendance is also required in order to be eligible for state tournament assignments in the current year. AFTER RECEIVING A JOINT CERTIFICATION RATING, REQUEST AN APPLICATION FORM FROM THE OHSAA OFFICIATING DEPARTMENT TO APPLY FOR AN OHSAA OFFICIATING PERMIT.

It will be the responsibility of the head girls gymnastics coach, assistant girls gymnastics coach or athletic administrator of each school and officials to be in attendance within 10 minutes of the start of the meeting and stay until the conclusion of the meeting in order to receive credit for attendance.

MISCELLANEOUS ITEMS

- **Exhibition Competition**
  Current OHSAA regulations prohibit exhibition competition.

In order to be eligible for OHSAA recognized interscholastic competition in girls gymnastics, a school must register the sport with the OHSAA in writing, appoint a coach who meets all OHSAA and Ohio State Department of Education certification requirements and have a representative (head coach, assistant coach or athletic administrator) present at a state rules meeting.

A school sponsoring individuals, i.e. one or two competitors, could elect to have those athletes train and compete with another school's coach or with any other individual provided that individual has been Board of Education (or other governing body if in a non-public school) approved and properly credentialed. Athletes could then compete as representatives of their schools at interscholastic gymnastics competitions up to the limitation of 14 contests. **Once an athlete has competed for her school, she may NOT compete in any non-interscholastic competition.** (Sports Regulation 6.4) Another option allows athletes to continue competition with a non-interscholastic program through Sunday, January 13, 2013 the last day for non-interscholastic competition for school-sponsored gymnastics wishing to enter OHSAA tournament competition. **From January 14, 2013 until such time as a competitor is eliminated from either individual or team competition in the OHSAA tournament series, a gymnast may NOT compete for a non-interscholastic team.**

- **Non-interscholastic Cut-off Date**
  As was referenced in the Exhibition Competition item above, school-sponsored gymnasts who have not competed for their schools must cease non-interscholastic competition six weeks (42 days) prior to the Monday of the week of the State Tournament in gymnastics in order to be eligible for OHSAA Tournament Competition. This year, the prohibited period is from January 114, 2013 through that date on which a gymnast is eliminated from the OHSAA Gymnastics Tournament.

  This regulation has caused some difficulty for interscholastic coaches who must interpret this process to gymnasts who compete for non-interscholastic teams as well as the school team and to those athletes who compete exclusively for the school team.

  It is not the position of the OHSAA to dictate philosophy or local school policy to member schools except when specifically addressed in OHSAA Bylaws and Regulations. Coaches and school administrators are strongly encouraged to establish policies relating to participation on the school's interscholastic gymnastics team well in advance of the season and to clearly communicate such policies to student-athletes and their parents. Specifically, the OHSAA asks that member school coaches whose schools will field a gymnastics team (three or more athletes in each event) adopt a policy relating to whether or not the coach will permit non-interscholastic gymnasts to join the school team on January 14, 2013.

- **Out of Season Instructional Programs and Coaching Regulations**
  The following is Instructional Program Regulation 7.6 as adopted by the OHSAA Board of Directors.

  Interscholastic coaches in the individual sports of **girls gymnastics**, boys and girls swimming and diving, boys and girls golf and boys and girls tennis, may coach athletes from the school where employed outside the interscholastic season of the sport. This regulation returns to the original interpretation that had always been in place relative to the “teaching professional” coach and also extends the privilege of coaching to other coaches as well, thus solving the issue of equity and fairness. This regulation also includes the stipulation that no coach may require participation until the official start of the interscholastic season, the length of which and number of contests being maintained.
Professionalism

Your professionalism is of the utmost importance. Your athletes and fans will follow your lead. If you are respectful of the competition and the officials, your athletes and fans are more likely to do the same. If you are disrespectful of the competition and the officials, it will be reflected in the words and actions of your athletes and fans. Officials aren’t perfect and mistakes will be made, but it is all part of the learning process for our young student-athletes. So please take those disappointments and turn them into positive learning experiences. What you permit, you promote.

Also, Bylaw 8-3-1 of the OHSAA Handbook reads in part, "Protests arising from the decisions and interpretations of the rules by officials during the game will not be considered. Their decisions and interpretations are final." This means that correctable errors must be corrected during the contest. Officials and coaches must “keep their cool” during the contest so that all teams have an equal opportunity to win under the rules. It must be remembered at all times that the competition is being conducted for the athletes. Neither officials nor coaches would be involved except for the athletes.

A reminder to all judges: Please do not make any comments to other judges or coaches about scores, conferences, your judging event other events, or any results on the competitive floor. This regulation applies to all level meets including duals, invitationals, sectionals, districts, and state tournaments. Unprofessional behavior will subject a judge to the possibility of not being assigned to future meets. Coaches are reminded to always be professional in addressing the meet referee and to never have any direct communication with judges on the floor. The meet referee is the liaison between the judges and coaches and can be addressed for any questions on the competitive floor.

Affiliation - The regulations regarding affiliation are NOT meant to prevent officials from judging, but to prevent unfair situations for the gymnasts. An affiliated judge can be a support judge or a meet referee but not a head judge. Affiliation of an official at a specific meet refers to:
1. An immediate family member (parent/step parent, grandparent, sibling, or any other member of a household) of a competing gymnast, or of the gymnast’s coach(es) or of the club owner whose team is competing.
2. A person on the payroll of a competing club.
3. A team member or parent of a Women's Artistic team member or a competing club.
4. A coach of a club that has gymnast(s) competing in the meet.
5. A club owner whose club has a gymnast who is competing in the meet.
6. Any sport science professional that is paid for ongoing services for a competing gymnast.

Pre-Season Preparations

During your pre-season preparations, invite a local official(s) to meet with your squad during pre-season workouts. It allows the officials to meet your athletes and discuss new rules. It gives your athletes an opportunity to ask questions and have a discussion prior to competition days. We would also recommend inviting an official to a pre-season meeting with your parents. Again, it provides a forum for healthy discussions and an opportunity for your parents to learn more about the game.

Scheduling Conflicts

Certainly, scheduling conflicts are going to arise. PLEASE COORDINATE WITH YOUR ATHLETIC ADMINISTRATOR TO ENSURE THAT OFFICIALS ARE NOTIFIED IN ADVANCE OF ANY CHANGES. When dates, times, and / or locations are changed it not only affects the officials scheduled for that contest, but also other contests they are scheduled to work. Thanks so much for your assistance!

  In order to be considered for Tournament assignment, an official must meet the following minimum standards:
  - **District** – Must be a Class 1 (Level 9-10) or Class 2 (Level 7-8)
  - **State** – Must be a Class 1
  - Must complete and file a yearly review exam
  - Must complete and file an application
  - Must have officiating experience in the position for which the application is made
  - Must not be a current high school head coach
  - Must attend a state rules interpretation meeting

  Panels will be assigned after all applications are received and reviewed.

- **Protecting Athletic Eligibility**
  If you have not received copies of the 2012-2013 OHSAA Athletic Eligibility Information Bulletin, entitled “Eligibility Guide for Participation in High School Athletics,” which is written to explain the rules to coaches and student-athletes and their parents, please note that this publication can be downloaded from the OHSAA here: [http://www.ohsaa.org/eligibility/EligibilityGuideHS.pdf](http://www.ohsaa.org/eligibility/EligibilityGuideHS.pdf). See your school administrator for copies if these have not been distributed to your athletes.

  The OHSAA now requires all schools and coaches to conduct pre-season orientation meetings for student-athletes and their parents. These meetings afford the coach the opportunity to present information pertaining to school policy, athletic codes of conduct, issues involving sporting conduct, OHSAA eligibility rules, concussion management and anabolic steroids and details concerning the gymnastics program. The eligibility bulletins could be presented at this time. Please remember that when parents sign their consent for their son or daughter’s participation in interscholastic athletics on the OHSAA consent form which is part of the Pre-participation Physical Exam, they also are indicating that they have read and understood the OHSAA Athletic Eligibility Information Bulletin. An instructional DVD and agendas have been provided to your school to assist with these mandatory preseason meetings. **Failure to conduct these meetings shall require a $500 fine per meeting.**

- **Inquiries**
  Our OHSAA office is here to help as needed, but depending on the time of the year it can be difficult to reach us. However, there are other sources of assistance. Our website ([www.ohsaa.org](http://www.ohsaa.org)) includes a great deal of information that covers many of the inquiries we often receive. The website provides gymnastics regulations, general sport regulations, tournament regulations, uniform regulations, etc. Your Gymnastics Advisory Committee Officers are another great resource for you as well. Their contact information is provided in this manual.

- **Ejection Report Forms**
  **COACHES/PLAYERS EJECTION FROM A GYMNASTICS COMPETITION**

  Officials shall file a written report with the school and the OHSAA office whenever a coach or a competitor is ejected from a contest. Use the Special Report Form provided to all officials. The form may also be obtained by contacting the Association office or the local officials’ association secretary. In addition, the official should telephone the school principal or athletic administrator no later than the next business day after the ejection unless the official has notified that administrator at the contest site. The offending school (coach, athletic administrator or principal) must file a written report with the OHSAA anytime a coach or competitor is ejected from a contest, home or away. See the Sports Regulations enclosed with this mailing for the full text of the regulations governing player and coach ejections.

  Any verbal abuse or unsporting conduct which occurs during any high school gymnastics competition should be considered for ejection from that competition. This applies to either the coach or the athlete. Officials should use discretion and, perhaps, issue a warning to the athlete and coach. Should an ejection be deemed necessary, it should be reported to Dr. Deborah Moore, Associate Commissioner with the name of the individual involved, the school name, and the circumstances surrounding the incident as described above.

  In addition, any coach who is ejected from a contest for unsporting conduct as described above, in addition to the two contest denial of participation shall be fined $100 and shall take the NFHS “Teaching and Modeling Behavior” which must be completed within 30 days of the ejection. This course can be taken online at [www.nfhslearn.com](http://www.nfhslearn.com).
- **Pupil Coaching Permit**
  All coaches in Ohio, paid and volunteer, must have the Pupil Coaching Permit among other requirements in order to coach in a member school. The OHSAA is committed to insuring that interscholastic coaches who work with young people in Ohio’s schools are compliant with these requirements which are codified not only in OHSAA Bylaw 6 but also in Ohio’s Administrative Code. In order to coach in Ohio, a coach must have:
  1. Board approval
  2. A Pupil Coaching Permit issued by the State Department of Education
  3. A certificate indicating completion of the NFHS Fundamentals of Coaching course (go to [www.nfhslearn.com](http://www.nfhslearn.com) to complete.)
  4. A valid CPR card
  5. A current FBI/BCI check

Failure to have any of these items renders the coach ineligible to be involved in interscholastic coaching. The OHSAA, in accordance with new sports regulation 3 intends to do some random checks on these issues during the season. For any coaches who wish to coach gymnasts during the OHSAA tournaments, we will be requesting proof of these permits before the coach will be able to participate. Please see your principal or AD and make every effort to secure these requirements BEFORE the season begins. Failure to have the proper credentials shall result in a fine of $250 per coach.
RULES FOR OHSSAA COMPETITION

GENERAL RULES

1. All OHSSAA policies, rules and regulations shall be followed.
2. Regulations and rules for competition are based on the Junior Olympic Code of Points, The Women's Program Rules and Policies and a modified USAG Level 8-9-10 Program. Requirements and restrictions will be as published in this handbook. The OHSSAA will allow the performance of any “C” and “D” elements. The “C” and “D” elements will receive value part credit and will be eligible to fulfill special requirements for Bars, Beam and Floor Exercise. Any “E” element performed will receive “0” for the value part credit and will be subject to execution deductions.
3. Rules are interpreted by the State Rules Interpreters.
4. Rules Interpretation Meetings are held for the purpose of clarification of rules, regulations, policies and tournament procedures. An OHSSAA State Rules Interpreter conducts each meeting. Corrections and clarifications will be published and sent to schools registering girls gymnastics and to officials.
5. The decisions of the contest officials are final.
6. Judging at all competitions will be in increments of .05.
7. In general, USAG Guidelines for Judging the Junior Olympic levels of competition are followed. Specific situations and the appropriate judging responses are published in the Junior Olympic Code of Points.
8. No flash photography shall be permitted during competition. It is required that this statement be announced prior to competition.
9. It is recommended that no gymnast scores lower than 3.0.
10. It is recommended that start values be flashed at all invitational competitions and district and state tournaments with the start value flash cards provided by the tournament or meet manager. Start values may be flashed at other meets if provided by the meet manager.
11. Clarification regarding bleeding injuries
   Take steps to stop the bleeding immediately and cover the wound as soon as possible. However, a bleeding wound (or any other injury due to a fall) does not give the athlete the right to repeat her exercise or resume from where she left off. If the 30 or 45 second fall time (BB or UB respectively) is exceeded before the wound can be covered, then the routine is terminated. If there is blood on any equipment or mats after a gymnast finishes her exercise, the blood must be removed prior to the next athlete beginning her routine.
   The coach and athlete have the right to determine if the athlete can continue the routine after a fall (within the fall time limitations); however, it is advised that any recommendations from medical personnel be heeded, in the best interest of the athlete’s safety.

The meet hosts should consider providing a small first-aid kit including tape, gauze or band-aids at each event, especially if there is no trainer available, so that these items could be accessed quickly.

**BALANCE BEAM**

1. Value Part Requirements: 4 “A's” @0.10 each, 4 “B's” @0.30 each, 0 “C"
2. Basic Start Value - 9.7 points
3. Additive Value for Connection Value or allowable Difficulty Value = maximum 0.30 point. Maximum start value = 10.0 points; Value Parts of “A”, “B”, “C” and “D” elements are allowed.

6. The time limit for beam is a maximum of 1:30. A warning will be given on beam at 1:20. The overtime deduction is 0.1 from the average score. If the time is within a fraction of a second over the time allotment, do not take the time deduction.
7. Fall time is 30 seconds.
8. All composition deductions will be applied during the competition season.
9. Group 1, 6, 7 and 8 rolls may be used to fulfill the compositional requirement of a forward or sideward and backward acrobatic element.
10. Acro Series Special Requirement – Clarification that the flight element may be from the Roll category (example: dive forward roller).
11. OPTIONAL BEAM ACRO SERIES CLARIFICATION:
   Connecting elements in an Acro series: The landing leg or the free leg must be the take-off leg for the next element. If both feet land at the same time, the take-off must be a jump from two feet. During the step between the elements, the free leg must be no higher than 45 degrees or the series will be considered broken.
   The following is an example of an acro series that is considered NON-CONNECTABLE, regardless of how quickly they are performed:

   **Back Walkover (or back handspring step-out) to Round-off (or cartwheel):**
   In this example, the first element lands on one foot, then the second foot is placed on the beam behind in a lunge; the gymnast then leans forward to initiate a Round-off (or cartwheel).
   Note: The only way these two elements could connect legitimately is by landing the first element on one leg and swinging the other leg forward to step into the Round-off (or cartwheel); that would mean performing the two skills on opposite legs. Of course, the gymnast could do a Right BWO and switch legs to land on the Left foot so that she could then step forward on the Right leg to initiate a Right Round-off (or cartwheel).
12. The Back salto stretched with step-out and gainer back salto stretched with step-out will be considered as “C”/“D” value respectively when awarding Connection Value. “D” Difficulty Value bonus of +0.1 will still be given.
13. Acro Series- For any attempt to do the acro series which has a stop or fall, a 0.20 will be applied for no special requirement plus the fall deduction. If only one acro skill is performed in the routine without attempting a second acro skill following the first skill, the -0.20 for no special requirement and -0.30 for NOT attempting to do two acro skills in a row.

**FLOOR EXERCISE**

1. Value Part Requirements: 4 “A's” @0.10 each, 4 “B's” @0.30 each, 0 “C" 
2. Basic Start Value - 9.7 points
3. Additive Value for Connection Value or allowable Difficulty Value = maximum 0.30 point. Maximum start value = 10.0.
4. Special Requirements (4 at 0.20 each) Refer to JO Code of Points – Level 8
   a. Acro series with 2 saltos or 2 directly connected saltos (the saltos may be the same or different)
   b. Three different saltos within the exercise
   c. Dance passage with two different elements from Group 1 (directly or indirectly connected) – one a leap with 180 degrees cross or side split
   d. Minimum of “A” salto performed as last isolated salto or in the last salto connection
5. Lack of minimum of “B” salto - 30
6. Short exercise – See JO Code – Exercise is less than 30 seconds, deduct 2.0 from the average score by the chief judge.
7. All composition deductions will be applied during the competition season.
8. Timing - The maximum time limit for floor is 1:30. The overtime deduction is 0.10 from the average score. If the time is within a fraction of a second over the time allotment, do not take the time deduction.
9. FLOOR MATS: Spring/Reflex floors shall be used at OHSAA Tournaments. They may be used in regular season competition by mutual agreement of participating schools.

APPARATUS SPECIFICATIONS

The following applies to all events: Up to 9” of any combination of additional matting in addition to maximum allowable competition landing surface of 24 cm. One manufactured skill cushion or sting mat may also be used in addition to the maximum allowable landing mats. If the skill cushion is 8” in thickness, it must be a minimum of 5’ x10’; however, it is recommended that the skill cushion be as close as possible to the dimensions of the competition landing mat. Abutted mats: When two mats are abutted, they should be secured at the joining with ties or tape to prevent an open space between the mats. A sting mat may also be used by itself or in addition to the skill cushion.

In addition to what is currently allowed for Optional competitions for mounting the apparatus (as found in the Rules and Policies), the gymnast is allowed to stand on an 8” skill cushion for uneven bars or balance beam mounts.

VAULT
The vault table is required. For round off entry vaults, a manufactured safety collar must be used for training and competition.

Vault Table Height = 100 cm + or – 1 cm minimum to 135 cm + or – 1cm maximum

Measurement is from the front of the table
Runway: Length = 76’ minimum, 82’ maximum.
Matting for Landing Area: A minimum of 6’ wide x 12’ long x 4-4 3/4”(12 cm) thickness is required over the base mat. An 8’ x18’ mat is recommended. An additional 4” or 4 ¾” landing mat may be used.
Any combination of matting systems is permitted provided that the total thickness does not exceed 10” ± 3/4” (24 ± 3 cm) and all landing mats are uniform in width and length.

VAULT EQUIPMENT:
1. The regulation landing mats (plus allowable skill cushions) may be placed on top of a solid foam pit landing area for vault.
2. All manufactured models of the new vault table (including “retro-fit” tables that are inserted into the uprights of the old horse) are allowed for Jr. Olympic competition, provided that they are capable of being adjusted to the various height specifications allowed for Jr. Olympic athletes. A mat is required to be placed in front of the support of the vault table. A mat may be used which is no higher than the low edge of the front of the board.
3. No sting mat on the vault board is permitted.
4. No tape or chalk is permitted on the vault table.
5. Manufactured hand placement mats, Velcro side down, shall be required for both warm-ups and competition for round-off entry vaults only. The hand placement mats shall no longer be used as a visual aid for hurdle placement or any other vaults.
6. It is permissible to place athletic tape, Velcro strips or small chalk marks along the width of the vault runway. The markings should be removed no later than at the end of rotation. None of these markings listed shall be wider than 2”. The judge must issue a warning before taking a deduction if that 2” measurement is exceeded.
7. REQUIRED IN 2012-13 - Runway – Thickness: a minimum of 1 3/8” (+/- 1/8”) is required for the vault runway.

Note: Midwest Gymnastics in Indiana can provide this runway at a discounted cost of $650 to Ohio schools. Contact Nick Kemp at 800-876-3194.
UNEVEN BARS

Low bar = 166 + 1 cm  High bar = 246 + 1 cm
Bars must close to a minimum of 130 cm and extend to a maximum spread of 180 cm.
In accordance with Junior Olympic guidelines, based on the best interest of the gymnast's safety, it is permissible to adjust the high bar and/or low bar to a height which exceeds (or is lower than) the F.I.G. specifications provided that after such adjustment, the bars remain within the allowances identified by the manufacturer of the apparatus. In addition, the distance (spread) between the bars may be set to the preference of the athlete, provided after such adjustment, the bars remain within the allowances identified by the manufacturer of the apparatus.

Schools with Bars that do not extend to 130 cm should inform visiting school at least a week in advance. (See coaches’ agreement regarding equipment specifications).

Tournament: Uneven Bars will extend to 180 cm.
Measure: Height of bars from the top of the rail to the floor.
Width between the inside of the rails by vertical (plumb) line.
Mount and Dismount Areas: 18’ minimum forward and rearward of the center of the bars is recommended.
Matting: 24’ long x 6’ wide x 4-4 3/4” thick. 8’ width is recommended.
A minimum of 12’ from the center of the bars to the front and 12’ to the rear. Matting may be adjusted up to 4’ forward or backward for dismounts.
An additional 4 3/4” or 4” landing mat may be used.
Any combination of matting system is permitted provided that the total thickness does not exceed 10” + ¾” (24 + 3cm) and all landing mats are uniform in width and length.

BALANCE BEAM

Height = 120 cm (47” + ¼”) or 125 cm
Measure at both ends from the top of the beam to the floor.
Mount and Dismount Areas: 18’ from each end of the beam is recommended.
Matting: Under the beam, a minimum of 6’ wide x 4-4 3/4” thick.
Landing area, a minimum of 6’ wide x 12’ long x 4-4 3/4” thick.
When space filler matting is needed to extend regular matting under the beam, the height and density of the filler matting should be as equal as possible to the regular matting.
Note: If a landing mat is not provided at both ends of the beam, the area designated as “not a landing area” must be matted a minimum of 6’ wide x 3’ long x 4-4 3/4” thick. Schools should be informed one week before the meet when only one end dismount area is available. An additional 4 ¾” or 4” landing mat may be used.
Any combination of matting system is permitted provided that the total thickness does not exceed 10” + ¾” (24 + 3cm) and all landing mats are uniform in width and length.

FLOOR EXERCISE

12 m x 12 m (39’ 4 7/16” x 39’ 4 7/16”)
Measure from the outside of the parallel boundary lines.
Matting: 1 1/4” + 1/4” thick ethafoam or similar cushion material, covered with carpet, naugahyde or similar material; or, a wrestling mat. Mats must be clearly marked to indicate actual boundary lines. Failure to mark mats will result in a -0.10 neutral deduction taken from average.
Two additional mats (skill cushions – each a maximum thickness of 8 inches/20 cm) can be placed separately on the floor exercise area.
• If the skill cushion is 8” in thickness, it must be a minimum of 5’ by 10’.
• A “sting” mat may also be placed on top of each of the up to 8” skill cushions.
Note: The additional matting does not have to be removed during the exercise.
All abutted mats should fit together without separation or be taped.
Spring/Reflex floors may be used in OHSAA Tournament Competition.
A spring/reflex floor may be used in other competition by mutual agreement of all participating schools.
SPRINGBOARD:

Height = 22 cm ± 1.5 cm
Measure from the top of wood at the highest point to the floor.

1. The gymnast may use a springboard to mount.
2. MOUNTING RULES FOR BARS AND BEAM:
3. Standing mounts: The gymnast may stand (with or without a board) on one or two competition landing mats, and may also stand on an “up to 8-inch skill cushion” (sting or throw mat” that is placed on the competition landing mat(s) for dismount purposes.
4. Mounts using a spring board: The board may be placed on one competition landing mat(s) (one or two 10-12 cm mats or one 20 cm mat) or on the supplemental matting of 5-10 cm. (sting mat or 4” throw type skill cushion)
5. The board must be removed as soon as possible after the gymnast has mounted. If not removed, a deduction of 0.30 is taken from the average score by the Chief Judge.
6. Mounts that are preceded by one element prior to take off from the board will be allowed. If more than one element is performed before take-off from the board, a 0.20 deduction is taken by each judge. However, only the movement done after the feet leave the board will be evaluated.

NON-REGULATION AND FAULTY EQUIPMENT:

1. The Meet or Tournament Director/Manager shall measure apparatus at all meets and OHSAA tournament competition.
2. When equipment does not meet the specifications listed herein, opponents should be notified at least one week in advance. See "Coaches Agreement." When equipment is not regulation, the visiting team has the choice of changing the meet site, or the meet would be declared a “no contest”.
3. When equipment breaks during warmups or competition and cannot be replaced or repaired, the same procedures should be followed as for non-regulation equipment.
4. When equipment is faulty, or other problems arise, the Meet Referee/Chief Judge of the event will decide to allow or disallow the gymnast to repeat her exercise. If the gymnast repeats the exercise, her score for the event will be the score earned on the repetition.

WARNING:

1. Risk of injury to an athlete can be minimized, but this risk can not be eliminated. Apparatus should be inspected for flaws that might lead to apparatus failure. Gymnasts should be in good health and trained to perform the skills included in each exercise.
2. When the coach or supervisor is not in the room, the gymnasts or any other students or individuals should not use apparatus and/or equipment.
3. A bonded manufacturer of gymnastics apparatus or mats should manufacture apparatus. No apparatus should be altered except with a part, or parts, specifically designed for the purpose and manufactured by a bonded company.

UNIFORMS

The OHSAA shall follow the USAG Junior Olympic rules for competition in regard to competitors’ uniforms. Therefore a gymnast shall present herself in the proper attire for both warm-ups and competition. (No bare midriffs, backless leotards, T-shirts, Boxer or compression shorts). Leotard and/or warm-up suit shall be worn for opening, closing and award ceremonies. Leg opening on competitive leotards must NOT be cut or rolled above the gymnast's hip bone. A deduction will be applied for an infraction. For competition, the gymnast may wear a sleeveless leotard and may be barefooted or wear gymnastics footwear. Clarification: If underwear is visible due to the cut of the leotard, warn the coach of the athlete. If they do not correct it, take a deduction on the subsequent event. Underwear should not be intentionally visible throughout the entire routine. However, if briefs or bra straps show due to activity, do not take the deduction. Judges need to use common sense. Sports bras if visible must be the same color as the predominant color of the upper portion of the leotard which surrounds the sports bra.

NOTE: Leotards may have the school name or the school's mascot on them, but they may not display any other marking except as is permitted within the OHSAA uniform regulations contained within this publication.
For a competitor who presents with improper attire during touch warm-ups and/or competition, a 0.20 deduction shall be taken from the gymnast's first event score when it is noticed by the officials, following a warning. This deduction shall be taken by the meet referee or chief judge in the event there is no referee. Please note: proper competition uniform consists of a leotard only.

For the pre-meet or tournament parade or march, athletes must be attired in warm-up clothing or school-issued uniforms. If there is no regular team uniform, the gymnasts may march wearing identical tee shirts with school logos and shorts or warm-up pants.

Note: During general warm-ups, athletes are not permitted to wear improper attire such as compression shorts, boxer shorts, tee shirts, etc. The reason for this prohibition is the safety of the gymnast, and the OHSAA strongly discourages any deviation from this recommendation; however, there is no penalty for failure to comply.

It is unacceptable and shall be considered unsporting conduct (subject to ejection) if a student-athlete removes her leotard in any area within the view of the public. This includes but is not restricted to the competition and warm-up areas. All facilities make locker rooms available to student-athletes, and it is in this environment that the gymnast shall make any changes of uniform. PENALTY: Ejection from the contest for unsporting conduct. This requires that the gymnast be ineligible for the next two gymnastics contests.

**JEWELRY**

Jewelry is not permitted during competition and/or warm-ups AND MUST BE REMOVED. No warning shall be issued. The deduction is .20 on the first event that it is noticed by the officials and a .30 unsporting conduct penalty for any subsequent event. Note: In all other OHSAA adopted national playing rules, jewelry is not permitted. The ultimate responsibility for compliance with this rule rests with the coach as well as the student athlete. NOTE: The covering of jewelry is not acceptable. Officials are requested to insure that jewelry that is covered be removed immediately.

Presentation includes Artistry up to 0.30 pt. and Dynamics up to 0.20 pt. Execution will include technique, amplitude, and rhythm of the elements and connections as well as the overall posture and rhythm and the specific apparatus deductions.
Withdrawal (scratches) and substitutions of competitors:

1. A competitor may be withdrawn or substituted with another eligible gymnast at the coaches meeting before competition.
2. Competitors on a team do not have to be the same individuals who competed in the prior Tournament.
3. A coach may replace an eligible gymnast for a competitor who is injured or becomes ill during warm-ups or competition. The substitute gymnast will receive warm-up time equal to that of other gymnasts on the event, or events, at the directive of the tournament manager. The injured/ill gymnast thus replaced may be permitted to reenter the competition for any other event for which she was entered, provided she is authorized to do so by coaching staff/medical personnel.
4. A coach may choose to “scratch” an injured gymnast from an event in which she is entered rather than replace her. The gymnast will receive a “score of zero” by presenting herself for the event in her rotation and touching the apparatus.

Use of Alternates

An alternate gymnast or team may compete in the individual or team competition of the State Tournament if a qualifying gymnast or team cannot compete due to injury, illness, flagrant misconduct or ineligibility. The alternate shall be the next highest individual qualifier or team in that event or the team competition from the District Tournament. Replacement of these athletes or the team may be made up to the time that the competition begins in that event at the State Tournament. The athlete and her coach or the next qualified team must report to Associate Commissioner Deborah Moore for verification. If the replacement can be made prior to Tuesday by 4:00 PM, the name of the competitor can be placed into the official program.

Repetition of an Exercise

Repetition of an exercise is not permitted. Exception:

1. Whenever there is a failure of equipment during a competitive routine, the gymnast should have the option of repeating her routine in total or repeating the routine from the point of interruption (after a reasonable amount of rest, if necessary). The decision must be made prior to flashing the score. If an event occurs during a routine that is no fault of the gymnast, the Chief Judge of the event will make the decision regarding repeat of an exercise in consultation with the meet/tournament referee or acting referee. Decisions must be made promptly.

2. When an exercise is repeated the event score is the score for the second exercise.

Score Inquiries must be given to the Tournament Referee by the coach within 5 minutes of the conclusion of the school's competition on the event.

OHSAA Qualifying Procedures require that ties shall be broken at the Sectional and District tournaments for the last qualifying place. However, the tied gymnasts’ scores in the event in which tied shall not be changed, and all athletes shall earn duplicate awards. This means that the scores generated through the tie-breaker procedure shall not be entered anywhere and will have no effect on the all-around score. All scores will be calculated to the thousandth place. The procedure indicated below shall be followed until ties are broken.

Individual Events

1. All score-sheet entries are checked by the tournament director, tournament referee and each judge for errors based on judging formulas not including execution.
2. “Base score” is determined.
The gymnast's event score added to the chief judge's score divided by 2.
3. If both/all tied gymnasts competed in the All-Around competition, the gymnast with the highest All-Around score shall advance.
4. Competitors repeat the exercise.

Team Competition
Ties for the last qualifying place will be broken by:
1. Application of #1 above
2. A “base score”, as described in #2 above, will be determined by the chief judge and tournament manager for all scores in all events for the athletes comprising each tied team (maximum number of gymnasts permitted is six).
3. The sum of the top four “based” scores in each event shall be added to determine the new team score, which will be used to break the tie for advancing to the next round of tournament competition.

All-Around Competition
1. The gymnast with the highest score on a single event shall advance.
2. Given the remote possibility that the tied competitors would be tied on all events, each separate event shall be base scored to produce a new All-Around score.

Coaches
OHSAA bylaws require that all coaches, paid or volunteer, be approved by their respective Boards of Education or governing boards (in nonpublic schools). It is imperative that only coaches who have been approved by their schools be permitted to work with gymnasts on the floor at OHSAA tournaments, as well as during the regular season. High school principals, on the entry form, shall verify all individuals who have been approved to coach in that high school. No other individuals shall be permitted access to the competition area during OHSAA tournaments.

COMMUNICABLE DISEASE PROCEDURES

While risk of one athlete infecting another with HIV/AIDS during competition is close to non-existent, there is a remote risk that other blood borne infectious diseases can be transmitted. For example, Hepatitis B can be present in blood as well as in other body fluids. Procedures for reducing the potential for transmission of these infectious agents should include, but not be limited to, the following:

1. The bleeding must be stopped, the open wound covered and if there is an excessive amount of blood on the uniform it must be changed before the athlete may participate.

2. Routine use of gloves or other precautions to prevent skin and mucous membrane exposure when contact with blood or other body fluids is anticipated.

3. Immediately wash hands and other skin surfaces if contaminated (in contact) with blood or other body fluids. Wash hands immediately after removing gloves.

4. Clean all contaminated surfaces and equipment with an appropriate disinfectant before competition resumes.

5. Practice proper disposal procedures to prevent injuries caused by needles, scalpels and other sharp instruments or devices.

6. Although saliva has not been implicated in HIV transmission, to minimize the need for emergency mouth-to-mouth resuscitation, mouthpieces, resuscitation bags, or other ventilation devices should be available.

7. Athletic trainers/coaches with bleeding or oozing skin conditions should refrain from all direct athletic care until the condition resolves.

8. Contaminated towels should be properly disposed of/disinfected.

9. Follow acceptable guidelines in the immediate control of bleeding and when handling bloody dressings, mouth guards and other articles containing body fluids.

10. See page 15 for specific policy related to gymnastics.
Information on Concussion Management

IMPLEMENTATION OF OHSAA SPORTS REGULATION
RELATED TO CONCUSSION AND CONCUSED ATHLETES
AND RETURN TO PLAY PROTOCOL

It is important for all adults involved in interscholastic athletics to recognize the potential for catastrophic injury and even death from concussions. Thus it is extremely important that each coach, administrator, contest official and medical support personnel review their responsibilities in protecting students.

In its various sports playing rules (and in sports such as gymnastics that do not use NFHS competition rules, the OHSAA sports regulations apply), the National Federation of High Schools (NFHS) has implemented a standard rule change in all sports dealing with concussions in student-athletes. The basic rule in all sports (which may be worded slightly differently in each rule book due to the nature of breaks in time intervals at contests in different sports) states:

Last year the OHSAA Board of Directors adopted a sports regulation which incorporated the NFHS rules change. This regulation reads:

Any athlete who exhibits signs, symptoms or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion or balance problems) shall be immediately removed from the contest and shall not return to play until cleared with written authorization by an appropriate health care professional. In Ohio, an “appropriate health care professional” shall be a physician, as authorized under ORC Chapter 4731 and includes both doctors of medicine (M.D.) and doctors of osteopathy (D.O.) and an athletic Trainer, licensed under ORC Chapter 4755.

In January, 2011, the OHSAA Board of Directors has further defined the following parameters to guide OHSAA licensed officials, medical personnel and member school representatives in implementing this change.

1. **What are the “signs, symptoms, or behaviors consistent with a concussion”?** The National Federation rule lists some of the signs, symptoms and behaviors consistent with a concussion. The U.S. Department of Human Services, Centers for Disease Control and Prevention has published the following lists of signs, symptoms and behaviors that are consistent with a concussion:

<table>
<thead>
<tr>
<th>SIGNS OBSERVED BY OTHERS</th>
<th>SYMPTOMS REPORTED BY ATHLETE</th>

<td>Double or fuzzy vision</td>

<td>Concentration or memory problems</td>
</tr>
<tr>

<tr>

</tr>
</tbody>
</table>

2. **Who is responsible for administering this new rule?**

All adults who have responsibilities and duties in the interscholastic athletics environment are responsible: coaches, contest official, administrators and medical personnel.

3. **What is the role of coaches in administering this new rule?**

- Coaches are to review and know the signs and symptoms of concussion and to prohibit any athlete who displays these signs or symptoms from participating in a practice or a contest.
- Coaches are not medical professionals and have no authority to determine whether or not a student has sustained a concussion. The coach is responsible for insuring that the student’s parents are notified and the student is referred to a medical professional.

4. **What is the role of contest officials in administering the new rule?**

- Officials are to review and know the signs and symptoms of concussion and to direct immediate removal of any athlete who displays these signs or symptoms.
- An official shall not permit the athlete who has been removed under this rule to return to competition without written medical authorization presented to the head official.
• If a contest official is aware that a student has been permitted to return to competition without written authorization from a physician or licensed athletic trainer, that official shall immediately stop play and remove that student from competition and report the incident to the Ohio High School Athletic Association.
• Note that officials are not medical professionals and have no authority to determine whether or not student has sustained a concussion. The official is responsible for directing removal when he or she observes signs and symptoms that may indicate a student is concussed.

5. Who decides if an athlete has not been concussed and/or who has recovered from a concussion?
• Only an MD (Medical Doctor), DO (Doctor of Osteopathy), or LAT (Licensed Athletic Trainer) is empowered to make the onsite determination that an athlete has not received a concussion.
• If any one of these individuals has answered that “yes” there has been a concussion, that decision is final.

6. Can an athlete return to play on the same day as he/she receives a concussion?
• No, under no circumstances can that athlete return to play that day.
• When in doubt, hold them out.
• If the event continues over multiple days, then the designated event physician has ultimate authority over return to play decisions.
• However, if the health care professional (MD, DO or LAT) has evaluated the athlete, who has been removed from competition due to exhibiting the signs and symptoms of a concussion, and has determined that the athlete did not sustain a concussion, that student may return to play with the submission of the written authorization by the health care professional.
• The written authorization shall be submitted to the school administration; however, if there is no administrator on site at the competition, the authorization may be held by the host site manager or the head coach.

7. Once the day has concluded, who can issue authorization to return to practice/competition in the sport?
• Once a concussion has been diagnosed by one of the above listed on site providers, only an MD, DO or LAT can authorize subsequent return to play, and such authorization shall be in writing to the administration of the school. This written RTP authorization shall be kept at the school until the statute of limitations expires, which is four years from the date of the student’s 18th birthday.
• School administration shall then notify the coach as to the permission to return to practice or play.

8. What should be done after the student is cleared by an appropriate health care professional?
• After a clearance has been issued, the student’s actual return to practice and play should follow a graduated protocol.
• The National Federation has included the following graduated protocol in its Suggested Guidelines for Management of Concussion in Sports: (This is simply a suggested protocol. The appropriate health care professional who issues the clearance may wish to establish a different graduated protocol.)

Medical Clearance RTP Protocol
1. No exertional activity until asymptomatic.
2. When the athlete appears clear, begin low-impact activity such as walking, stationary bike, etc.
3. Initiate aerobic activity fundamental to specific sport such as skating or running, and may also begin progressive strength training activities.
4. Begin Non-contact skill drills specific to sport such as dribbling, fielding, batting, etc.
5. Full contact in practice setting.
6. Game play/competition
   - ATHLETE MUST REMAIN ASYMPTOMATIC TO PROGRESS TO THE NEXT LEVEL. (It is often suggested that an athlete not be allowed to progress more than one level per day.)
   - IF SYMPTOMS RECUR, ATHLETE MUST RETURN TO PREVIOUS LEVEL AND SHOULD BE REEVALUATED BY AN APPROPRIATE HEALTH CARE PROFESSIONAL.
   - MEDICAL CHECK SHOULD OCCUR BEFORE CONTACT. (Final written clearance from the medical professional shall be obtained before the athlete engages in any unrestricted or full contact activity)

9. Fundamental Reminder about this change
• It has always been the ultimate responsibility of the coaching staff, in all sports, to ensure that players are only put into practice or contests if they are physically capable of performing; however, all adults involved in the conduct of interscholastic competition have responsibilities in this endeavor.

Concussion Information Form

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. In other words, even a “ding” or a bump on the head can be serious. You can’t see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away.

Symptoms may include one or more of the following:

<table>

What can happen if my child keeps on playing with a concussion or returns too soon?

Athletes with the signs and symptoms of concussion shall be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one (second impact syndrome). This can lead to prolonged recovery, or even to severe brain swelling with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often under report symptoms of injuries. And concussions are no different. As a result, education of administrators, coaches, parents and students is the key for student-athlete’s safety.

If you think your child has suffered a concussion
Any athlete even suspected of suffering a concussion should be removed from the game or practice immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without medical clearance. Close observation of the athlete should continue for several hours. You should also inform your child’s coach if you think that your child may have a concussion. Remember it’s better to miss one game than miss the whole season. And when in doubt, the athlete sits out.

1. **OHSAA CONCUSSION REPORT** (to be completed by the official and sent to OHSAA whenever a student has been removed for demonstrating signs/symptoms of a concussion) -  

2. **AUTHORIZATION TO REENTER FORM** – (to be completed by the official when an athlete who has been sent out is returned to play with proper medical authorization) http://www.ohsaa.org/medicine/Authorization%20to%20reenter%20-%20no%20concussion%20-%20July%202011.docx

**OFFICIALS’ RESPONSIBILITY**

- Recognize the signs or symptoms of a possible concussion and remove the gymnast from competition
  - The responsibility of the official is limited to activities that occur on the competition floor and apparatus
  - Once the gymnast has been removed from a contest due to a suspected concussion, the coach or appropriate health-care professional(s) assumes full responsibility for that athlete’s further evaluation and safety. The referee will file the OHSAA Concussion Report listed above.
  - If the student is authorized to return to play by the medical personnel, the referee will file that authorization form with the OHSAA.

The acting meet referee or the head official shall make the decision relative to removal from competition.
NFHS rules and OHSAA policy require a student who exhibits signs, symptoms or behaviors associated with concussion to be removed from a contest and not permitted to reenter competition without written medical authorization from a physician (M.D. or D.O.) or an Athletic Trainer. This form shall serve to document that a student has been removed from a contest in accordance with NFHS and OHSAA rules due to exhibiting signs, symptoms and/or behaviors consistent with a concussion. The contest official must complete this form and forward it to the OHSAA within 48 hours after the conclusion of the contest. It is recommended that the official keep a copy of this report. In addition, if required by NFHS rule, an appropriate entry shall be made in the scorebook or other document as prescribed.

PRESENT THIS FORM TO THE SCHOOL ADMINISTRATOR OR HEAD COACH

Note: The school must retain this form for seven years after the student’s 18th birthday.
The sport of girls gymnastics is indeed a unique and wonderful sport, and the process for registering for an OHSAA license to officiate and for maintaining active status is also unique. Most officials understand that in order to become registered as a Class 1 Girls Gymnastics official, they must provide to the OHSAA officiating department a copy of their USAG Joint Certification (Level 9 or better) at the time application is made. In order to receive a Class 2 license, the official must provide the OHSAA with a copy of the USAG Joint Certification (Level 8) at the time of registration. An official will then be required to complete, return and pass the take home review exam by the deadline and attend a state rules meeting, when scheduled, in order to retain active status. After having been registered, the renewal period is from June 1 - July 1 each year. During that time, officials should send the renewal fee to the officiating department.

Failure to renew one's license does result in the suspension of the official; however, the gymnastics official may be reinstated to full status by reapplying, sending the joint certification, passing the review exam and attending a rules meeting, when scheduled. There are no other penalties incurred except those suspended officials will not be assigned to work OHSAA tournaments.

There are many benefits that accrue to OHSAA registered officials. It may be useful to note some of these for our gymnastics officials:

a. Receipt of all rules books and materials including the JO Code of Points once each quadrennial
b. Membership in the National Federation Officials Association
c. Eligibility for recognition for honorary awards such as the National High School Sports Hall of Fame, the NFOA National and State Distinguished Service Awards and the OHSAA Officials Hall of Fame
d. Opportunity for professional affiliation and growth
e. Most importantly - the chance to work with young people who are committed to interscholastic gymnastics

Please feel free to direct any inquiries regarding officiating to Mr. Henry Zaborniak, OHSAA Assistant Commissioner, at the OHSAA.

OFFICIATING ETHICS & CODE OF CONDUCT

(From www.ohsaa.org and the OHSAA Handbook for Officials)

Our member schools have entrusted officials to assist them in the education and development of their youth through athletics. This requires officials to be independent, impartial, and responsible to the people they serve. In recognition of these expectations there is an established Code of Ethics and Code of Conduct for all officials. The purpose of the code is to establish guidelines for ethical standards of conduct for all officials.

OFFICIATING CODE OF ETHICS

An Official must devote time, thought and study to the rules of the contest and the mechanics necessary to carry out these rules so that one may render effective and credible service in a fair and unbiased manner

An Official must work with fellow officials and the state association in a spirit of harmony and cooperation in spite of differences of opinion that may arise during debate of points or rules at issue

An Official must resist every temptation and outside pressure to use one's position as an official to benefit oneself. Under all circumstances, officials must avoid promoting the special interest of any person or group of persons other than the athletes we serve

An Official must constantly uphold the honor and dignity of the avocation in all personal conduct and relations with the student-athletes, coaches, athletic directors, school administrators, colleagues, and the public, to be a worthy example to the athletes under one's jurisdiction
An Official will be prepared both physically and mentally, dress accordingly to expectations and maintain a proper appearance that is befitting the importance of the game.

An Official shall avoid the use of tobacco and related products at the contest site.

An Official must remember and recognize that it is important to honor contracts regardless of possible inconvenience or financial loss.

Every member of the officiating profession carries a responsibility to act in a manner becoming a professional person. The conduct of any official influences the attitude of the public toward the profession in general as well as toward the official in particular.

Sports officials bear great responsibility for engendering public confidence in sports. They are critical to the health of athletic competitions. Officials ensure games are played fairly, by the rules, within the spirit of the rules and in a safe manner. Officiating takes a great deal of preparation, continuing education and commitment of time.

**PRE-SEASON PREPARATIONS**

We have encouraged coaches to invite local officials to meet with their team during pre-season workouts. It allows the officials to meet the athletes and discuss new rules. It gives athletes an opportunity to ask questions and have a discussion prior to competition days. We also recommended inviting an official(s) to a pre-season meeting with team parents. Again, it provides a forum for healthy discussions and an opportunity for parents to learn more about the sport. Many of you already participate in such activities, but for those that do not, please get involved!

**ADDRESS CHANGES**

**NOTE:** Annual renewal cards are sent to the address the OHSAA has on file, failure to notify the OHSAA will result in your not receiving the renewal card.

Address changes are now to be submitted via [www.myOHSAA.org](http://www.myOHSAA.org). Please log-on in order to make the appropriate changes.

**STATE TOURNAMENT OFFICIALS SELECTION PROCESS**

All girls gymnastics officials who have a Class 1 license, have completed an annual review exam and attended a state rules interpretation meeting are eligible for assignment to the Girls State Gymnastics Tournament. In order to be considered, the official must complete an application, which will be sent in October. The selections of officials to work the tournaments will be made by OHSAA staff in conjunction with state rules interpreters taking into account the official’s experience, NAGWJ rating, event preference and availability. No official is guaranteed assignment to both days of the tournament. In addition, although proportional representation is not a requirement, the assigners will attempt to balance the panels in terms of the athletic district where each official resides.

It is anticipated that contracts will be released in December.

---

**UNIFORM REQUIREMENTS**

In accordance with Board of Directors-adopted regulations printed in the 2012-13 OHSAA Handbook for Officials, the required uniform for girls gymnastics officials consists of the OHSAA red sweater with a white shirt and blue or black dress pants. This uniform is mandatory in all regular season competitions. Note: The official NAWGJ Judges Uniform shall be worn for invitational and OHSAA tournaments. Officials may order from [www.companycasuals.com/gymnastics](http://www.companycasuals.com/gymnastics).

SPORTING CONDUCT

The OHSAA challenges everyone to take positive steps toward positive sporting behavior. It is the responsibility of each of us to serve as a positive role model and set high expectations for others.

ADMINISTRATORS

Athletic departments are comprehensive, pre-eminent teaching departments with a subject matter all their own: self-confidence, leadership, teamwork, discipline, perseverance, respect for others, strategic thinking, dedication, the importance of rules, and sportsmanship. These are true-life lessons, and participation in athletics provides another forum for learning.

Coaches and Officials are responsible for promoting sporting conduct and positive behavior on the competition floor. Administrators, we need your continued assistance in promoting sporting conduct and controlling fan behavior in the stands! Let the parents and fans know what you expect!

COACHES

Your athletes will demonstrate the attitudes and behaviors they have learned from you, either through direct instruction or through observation of your actions. Never underestimate the influence you have on your students! You must:

- Abide by and teach the rules of the sport in letter and in spirit.
- Set a good example for players and spectators to follow.
- Respect the integrity and judgment of contest officials and judges. Treating them with respect, even if you disagree with their judgment, will serve to create a positive impression of you and your team.
- Display modesty in victory and graciousness in defeat.
- Develop a program that rewards participants and spectators for displaying proper sportsmanship and enforces penalties on those who do not abide by sportsmanship standards.

It is difficult to develop a great setter, a great hitter or a great defensive player. However, your greatest challenge is to develop mature young adults who will become great citizens and role models in your community.

OFFICIALS

Your job is not an easy one, but officials must be aware that they are an important component in the educational development of students. To carry out this responsibility, you must:

- Know the rules and mechanics of our sport and the philosophy behind them.
- Get fit and stay fit. An official with all of the rules and mechanics knowledge and people skills in the world does no good if he or she cannot physically keep up with play.
- Maintain professional and ethical relationships with athletic administrators, especially in the area of fulfilling game contracts.
- Work cooperatively with fellow officials during contests and within the officials’ association to improve members’ performances.
- Maintain at all times and when interacting with all participants, an attitude of civility and professionalism.
- Practice effective preventive officiating as much as possible before, during, and after a competition. The quiet word, proper signals, timely verbal instructions, a simple thank-you to a player for avoiding an unsporting act, and well-thought-out pre-competition conferences with the teams and other contest officials will result in an improvement of sporting conduct by eliminating the chance for things to go wrong.

STUDENT-ATHLETES

You serve as a role model for your younger siblings, young fans in the stands, your teammates, and your classmates. Set high expectations for everyone and help them follow-through! You must:

- Accept and understand the seriousness of your responsibility, and the privilege of representing your school and the community.
- Live up to the standards of sporting conduct established by the school administration and the coaching staff.
• Learn the rules of the game thoroughly and discuss them with others. This will assist everyone in the achievement of a better understanding and appreciation of the game.
• Treat opponents as you would like to be treated……with respect.
• Respect the integrity and judgment of game officials. Treating them with respect, even if you disagree with their judgment, will serve to create a positive impression of you and your team.

CONCLUSION
Good sporting conduct is everyone’s responsibility. It is the essence of interscholastic athletics. Remember…some may question an official’s judgment or a coach’s decision, but no one can question the value of good sporting conduct.

Note from Roxanne Price, Chair of the OHSAA Sportsmanship Ethics and Integrity Committee:
As we prepare for the upcoming seasons, we wish to emphasize to each of you the importance of your leadership role in sporting conduct, ethics and integrity. The professional manner in which officials and coaches conduct themselves prior to, during and following a contest unquestionably impacts the behavior of others involved. The OHSAA has joined the National Federation of State High School Associations (NFHS) in its quest to improve sportsmanship, ethics and integrity. We are involved in an ongoing campaign in every sport to do just that. Printed below is the mission statement of the NFHS concerning sporting conduct, ethics and integrity. Please take the time to read and digest this statement and then carefully consider your impact upon the players, officials, coaches, and fans. Thank you and have a great season.

NFHS Sporting Conduct Mission Statement
Good sporting conduct is viewed by the National Federation of State High School Associations as a commitment to fair play, ethical behavior and integrity. In perception and practice, sportsmanship is defined as those qualities which are characterized by generosity and genuine concern for others. The ideals of sporting conduct apply equally to all activity disciplines. Individuals, regardless of their role in activities, are expected to be aware of their influence on the behavior of others and model good sportsmanship.
