XII. Tournament Seeding and Drawing Procedures

NOTE: The established date for all seeding and drawing meetings is **May 1, 2016**. The meeting is to be held at 2:00 p.m.

In the Sectional Tournaments that precede District Tournaments, seeding is mandatory in the Sectional. In District Tournaments not preceded by Sectional Tournaments, seeding is mandatory. (**NOTE:** This means that at least one seeding is to take place in either the Sectional or District Tournament.) **All teams assigned to the first round of the tournament shall be seeded.** For purposes of seeding, the last matches to be counted will be those played on the date established by the respective District Athletic Board.

THE FOLLOWING SEEDING METHOD SHALL PREVAIL FOR ALL OHSAA SPONSORED SOFTBALL TOURNAMENTS

1. Tournament managers will post the records of all teams in their tournament. It is the responsibility of each school to have its records compiled as shown below and given to the tournament manager by the day of the draw/seed meeting. The records will include the number of wins and losses in the divisions of the teams played, e.g., 18 team schedule – Division I school:

12 wins – 2 losses – Division I

3 wins – 1 loss – Division II

All games played to completion shall be recorded.

2. Voting on seeded teams: a. All head coaches shall vote **via ballot which shall be made public**, selecting their choice for the #1 seeded team. The team with the greatest number of votes shall be seeded #1, second highest #2, etc, until all teams are seeded. In case of a tie only the tied teams will be revoted upon. If a tie should occur the second time, a flip of the coin shall

determine the highest seeded team. NOTE: If electronic balloting is utilized in a District, the results shall be sent to the manager and made public by the manager at the draw meeting.

3. Placement of Teams on Brackets: Each District Athletic Board shall determine placement of teams on brackets. Click here to go to the regulations for each Athletic District:

Northeast: www.nedab.org

Northwest: www.nwdab.org

Southeast: www.seodab.org

Southwest: www.swdab.org

If a school fails to have a representative present at the seeding and drawing meeting, the manager shall place the school (s) on the bracket in accordance with the district board's seeding protocol.

Sample brackets can be found on the OHSAA web site.

The tournament manager will distribute brackets to representatives of participating teams.

All brackets shall designate date and time of contest with the **home team being listed on the top of the bracket.**

XIII. GAME RULES

The Softball Rules, 2016 National Federation Edition, published by the National Federation of State High School Associations will be the Official Rules in all tournament games. In situations where the OHSAA has not adopted NFHS rules (e.g. tie breaker), OHSAA rules shall prevail. THESE RULES MUST BE FOLLOWED EXPLICITLY AND COACHES, SCHOOLS, OFFICIALS AND UMPIRES CANNOT MUTUALLY AGREE TO MODIFY OR CHANGE THESE RULES IN ANY WAY WHATSOEVER.

- A. All tournament games shall be played to completion. Suspended games shall be resumed from the point of suspension. A game shall end any time after five innings, or after 4½ innings when a team is 10 or more runs behind and has completed its term at bat. This is a completed game and is not considered a suspended game.
- B. If a team fails to appear and is not ready to play within 30 minutes of the scheduled starting time of a tournament game, the space on the bracket may be declared vacant. A no contest will be declared and the opposing team will then be awarded a bye into the next round of competition.

INTERPRETATION: In the event a rule is misinterpreted or misapplied, the correction must be made by the umpires and coaches on the field at the time it occurs. Umpires and coaches are urged to carry rule books, to confer using rule books and to make a correction where warranted. If the coaches and umpires cannot agree, the final decision will be made by the umpire-in-chief.

The tournament manager is authorized to deduct from the school's share the cost of any damages caused by competing schools. Other damages to facilities not attributed to a competing school could be a legitimate tournament expense and may be deducted from tournament receipts. If damage is extensive, the District Board or Board of Directors will become involved. Student crowd control at state sponsored tournaments is the responsibility of the administrative heads of the competing schools.

The use of drones is prohibited for any purpose by any persons at OHSAA tournament contests. Tournament managements shall remove anyone attempting to use a drone and/or confiscate the drone until the event has been completed.

Note: An exception to this policy may be made in specific cases for OHSAA broadcast partners, provide the management of the tournament facility permits the presence of drones for broadcast purposes under the control of the OHSAA.

XXVIII. **LIGHTNING AND INCLEMENT WEATHER**

Recognition:

Coaches, athletic trainers, athletes, administrators and contest officials should be educated regarding the signs indicating thunderstorm development. Since the average distance between successive lightning flashes is approximately two to three miles, ANYTIME that lightning can be seen or heard, the risk is already present. Weather can be monitored using the following methods:

- **Monitor Weather Patterns** – Be aware of potential thunderstorms by monitoring local weather forecasts the day before and morning of the competition, and by scanning the sky for signs of potential thunderstorm activity
- **National Weather Service** – Weather can also be monitored using small, portable weather radios from the NWS. The NWS uses a system of severe storm watches and warnings. A watch indicates conditions are favorable for severe weather to develop in an area; a warning indicates severe weather has been reported in an area, and everyone should take proper precautions. Any thunderstorm poses a risk of injury or death even if it does not meet the criteria for severe weather. Therefore, anytime thunderstorms are in the forecast (even if it is only a 20 percent chance), event organizers should be at a heightened level of awareness to the potential danger of lightning.

Management:

- **Evacuation** – If lightning is imminent or a thunderstorm is approaching, all personnel, athletes, and spectators should evacuate to available safe structures or shelters. A list of the closest safe structures should be announced and displayed on placards at all athletic venues.
- **Thirty-minute rule** – Competition or practice shall be suspended once lightning has been recognized or thunder is heard. It is required to wait at least 30 minutes after the last flash of lightning is witnessed or thunder is heard prior to resuming practice or competition. Given the average rates of thunderstorm travel, the storm should move 10-12 miles away from the area. This significantly reduces the risk of local lightning flashes. **Any subsequent lightning or thunder after the beginning of the 30-minute count shall reset the clock, and another count shall begin.**

XXIX. **CONCUSSION MANAGEMENT**

A new Ohio Law, effective April 26, 2013, indicates that if a student is removed from practice or competition due to a suspected concussion or head injury, the coach or contest official who removes the student shall not permit the student, **ON THE SAME DAY THE STUDENT IS REMOVED, to return to that practice or competition or to participate in any other practice or competition** for which the coach or contest official is responsible. Thereafter, which means no earlier than the next day, the coach or contest official shall not permit the student to return to practice or competition until both of the following conditions are satisfied.

- 1) The student's condition is assessed by either of the following:
 - a. A physician, who is a person authorized under the Chapter 4731 of the Ohio Revised Code (ORC) to practice medicine and surgery or osteopathic medicine or surgery)MD or DO)

- b. Any other licensed health care provider that the school district board of education or other governing authority of a chartered or non-chartered public school, authorizes to assess the student who has been removed from practice of competition.
- 2) The student received written authorization that it is safe for the student to return to practice or competition from a physician or other licensed health care provider authorized to grant the clearance.
A school district board of education or governing authority of a chartered or non-chartered nonpublic school may authorize a licensed health care provider who is NOT a PHYSICIAN to make an assessment and grant authorization for a student to return to participation ONLY if the provider is acting in accordance with one of the following as applicable to the provider's authority to practice in Ohio:
 - 1) In consultation with a physician
 - 2) Pursuant to the referral of a physician
 - 3) In collaboration with a physician
 - 4) Under the supervision of a physician

Note: A physician or other licensed health care provider who makes an assessment or grants clearance for a student to return to participation may be a volunteer.
